RASKOB WON'T RESIGN TILL DEBT IS PAID

Appointment of Shouse Rep-
resents Compromise in
Democratic Party

SMITH MEN KEEP POWER
Will Have Important Part in
Selecting Next Stand-
ard Bearer

BY DAVID LAWRENCE
Copyright 1929 by Post Pub. Co.
Washington — Jett Shouse, original McAdoo man, westerner, an assistant secretary of the treasury under Wilson, a business executive from Kansas, is to be the focal point of the Democratic party reorganization.

Demands for the retirement of John J. Raskob as national chairman have come from anti-Smith forces that deserted the party as well as from some of the leaders inside the party who stuck to the Smith standard during the campaign. But after months of bickering, the Raskob-Smith leadership remains intact and a compromise viewpoint has been advanced in the appointment of Mr. Shouse to be head of an executive committee which shall manage the national headquarters in Washington and direct the contact with national committees in all parts of the United States.

Meanwhile, Mr. Raskob will not retire for the simple reason that there's a deficit of \$900,000 incurred by his management and he will not bequeath such a burden to his successors. He intends to have it wiped out by energetic fund raising. Maybe that will take two or three years and during that time the Smith people will still retain control of party affairs.

Maybe it will not matter much so far as renominating formed Gov. Smith but it may have something to do with the selection of the next standard bearer. If, for instance, Franklin Roosevelt, is to be nominated, it is essential for the Smith-

UTILITIES TAX MEASURE UP FOR ACTION TONIGHT

Madison — (P) — Half a day's argument failed to bring a vote on the Reis local tax-rate utilities bill this morning and the assembly recessed in the midst of its consideration until 7:15 p. m.

Assemblyman Reis, Madison, progressive floor leader, was confident as the assembly recessed, that enough votes were available to pass the measure, despite strenuous opposition during the morning.

He bore almost the whole burden of argument for placing the utilities all under the local taxation rate, instead of levying some taxes on the average state mileage.

Assemblyman Goff, Carow and Perry were his chief supporters, while Assemblyman Edwards led the opposition in a long address, followed by Assemblyman Barnard and Hiller.

CARNEGIE FOUNDATION CUTS PROFS' PENSIONS

New York — (P) — Cut in pensions to college professors, which the Carnegie Foundation for the Advancement of Teaching put into effect yesterday, will amount to between \$16,000,000 and \$17,000,000 announced by Clyde Furst, secretary. A total of 2,500 men will be affected.

Older professors will not be affected. Under the revised plan, a normal retiring salary has been set up based on reports of salaries covering the period from 1917 to 1926. The cut under this plan will be about one-fourth that of the original pension plan.

HEAVY FROST FORECAST IN WISCONSIN REGION

Milwaukee — (P) — With no record for the calendar, W. P. Stewart, government meteorologist here to day forecast a heavy frost for the city and the adjacent section of the state tonight. However, he said that it would probably be warmer on Friday.

What is characterized as an unpreceded cold wave for this time of the year has spread over the entire middle west, Mr. Stewart said. It reaches far into the southwest where considerable crop damage is expected.

ONE MAN KILLED WHEN PRISON WALLS TUMBLE

Columbus, O. — (P) — One man was reported killed and two others buried when the high wind blew down two walls of the city prison here late today. A check was being made of prisoners to see how many were injured while police formed a guard around the jail to prevent inmates from escaping.

SOME SHIFTS FORECAST

South America Certain to
Obtain Able Men from
United States

BY JAMES L. WEST
(Associated Press Staff Writer)
Washington — (P) — Diplomatic Washington seems to be convinced that Senator Walter E. Edge of New Jersey, is the most likely choice for appointment as ambassador to France to succeed the late Myron T. Herrick. A similar opinion is entertained on Capitol Hill, particularly among the close friends of the senator.

Authentic information now is that President Hoover has no intention of making a selection for some months, or until after the extra session of congress. This is regarded as lending further color to the reports that the senior senator from New Jersey will go to Paris.

Naturally Senator Edge is main-
taining silence and it is known that he already is laying his plans and strengthening his organization for the senatorial primary contest next June when the Republicans of his state will nominate a candidate for his seat.

OTHER VACANCIES

Other gossip in diplomatic and congressional circles is that Jacob Gould Schurman will remain at Berlin and that L. S. Swenson will be retained at his present post in Norway, where he has served since 1921.

Some of the other diplomatic representatives to Europe, including Hugh Gibson, ambassador to Belgium, also will be envoys in their present places, although some transfers to Latin America are anticipated.

There is, of course, much conjecture as to the successor of the veteran Henry V. Fletcher, ambassador to Rome, who desires to return to his native country after diplomatic

HEAVY SNOW STORM IN MISSOURI AND ILLINOIS

St. Louis, Mo. — (P) — A heavy snowstorm of near blizzard proportions struck St. Louis and portions of Missouri and Illinois today, disrupting traffic, disrupting communications and setting the temperatures tumbling below freezing. More than three inches of snow had fallen before 6 o'clock this morning.

The unseasonable storm with sudden fury in the wake of a series of terrible winds, rain and hailstorms yesterday and last night, and brought mid-winter weather to a wide area, the bounds of which had not been determined by the government weather bureau this morning.

Reports reached St. Louis that there had been a destructive tornado in southeast Missouri, but the storm had so paralyzed telephone service that it was impossible to establish communications with that region.

OSHKOSH POLICEMAN
SUSPENDED 20 DAYS

Oshkosh — (P) — Frank McCormick, patrolman, was suspended for 20 days without pay, by the fire and police commission here on charges of misconduct. It is alleged that he entered a private office while on duty to take a 20 minute nap. He was suspended one day for each minute that he slept.

HACKBARTH JURORS
UNDER POLICE GUARD

Kenosha — (P) — A jury of seven women and five men, closely guarded by deputy sheriffs, this afternoon began deliberating the fate of Elmer Hackbath, 23-year-old "Alien-X" striker, accused of the kidnapping and torturing of Harold Hendrickson, mill employee, last September.

EIGHT KILLED IN ARKANSAS BY TORNADOES

35 or 40 Are Injured and
Much Damage Is Done
in Stricken Region

BULLETIN

Johnson City, Tenn. — (P) — Two persons were killed, at least five others injured and four houses demolished by a tornado that struck near Elkmere, ten miles southwest of here at noon today. Those killed were Mrs. Matilda Storey and Benjamin Springer, 2½ years old.

Little Rock, Ark. — (P) — Eight persons were killed and from 35 to 40 were injured with unverified reports of about twenty others injured, by tornadoes in this state yesterday.

A report that a flood refugee camp at Dagmar made up of persons driven by high water had been struck and twenty or twenty one injured lacked verification. All telephone and telegraph lines were down to that section. Red Cross workers were sent to Dagmar.

The deaths were at Brinkley and Wheatley in northeast Arkansas.

The number of dead was expected to be increased by a thorough survey of the section around Wheatley. Red Cross workers, sent in on a special Rock Island train were on the scene.

Red Cross workers from Newport went by special train to Dagmar to ascertain the storm situation there.

The first tornado struck at Fort Smith in mid-afternoon. Five were injured in the city and seven hurt at Sand Prairie, a small town near there. Considerable property damage was caused. The Brinkley and Wheatley storm hit at 6:30 o'clock.

ORGANIZES RELIEF

D. E. Whitehurst, Rock Island station agent at Brinkley, said he heard the roar and saw the approaching storm from his home in the western part of the city. When he saw it strike in the neighborhood of Wheatley, Whitehurst rushed to the station and organized a relief train which went to Wheatley and brought back some of the injured.

A staff correspondent of the Associated Press who was on the Rock Island special train from Little Rock reported that the path of the tornado was clearly visible from the railroad tracks southwest of Brinkley.

Cutting a path about 200 yards wide, it leveled telephone poles and trees, he said. It apparently hit the first south of Bevills Bluff, in the vicinity of Dagmar, moved northeast toward Brinkley, passing through the outskirts of that town, then east to Wheatley where it turned directly north. Many of the injured were from the section north of Wheatley.

ONE DEAD IN ALABAMA

Mobile, Ala. — (P) — One man was killed and one woman and her baby slightly injured, and five others slightly hurt when a tornado struck a section of Baldwin County, Ala., early today.

Isral Nuss was killed when his home was demolished and Mrs. Randall Homan and her baby, occupants of the same house, were so seriously injured that they will probably die. The home was completely demolished. Several other homes were damaged.

IOWA AND CALIFORNIA HEIRS WIN IN CONTEST

Chicago — (P) — The first step toward breaking the will of William (Billy) McClinton was accomplished today, favorable to Iowa and California claimants.

Judge Philip L. Sullivan decided in circuit court who the heirs of the young millionaire are and the next step is a suit charging undue influence was brought to bear on Billy by William Darling Shepherd, principal beneficiary.

Miss Isabelle Pope, finance of young McClinton, who under the will is to receive an \$8,000 annuity, was in court with Shepherd.

Two groups are engaged in the fight to break the will, one known as the California and the other the Iowa group. Both factions were declared today to be heirs.

FEAR MISSING WOMAN MAY HAVE DROWNED

Lake Mills — (P) — The search for Mrs. Hubert Haberman, wife of a Waterloo farmer who has been missing for four days, shifted to the shores of Lake Mills today.

After searching parties had been organized to hunt for her near Waterloo it was learned that she had rented a car to drive to Lake Mills and here it was found that woman answering to her description had been seen passing August Barlow's house on the way to Sandy Beach.

DENY STALIN HAS QUIT POST AT SOVIET HELM

Moscow — (P) — Reports published in the United States that Joseph Stalin, general secretary of the central committee of the Communist party in Russia, had resigned his post and that he was ill were stated authoritatively today to have no foundation in fact.

One Killed, One Hurt In Neenah Mill

Neenah — Iver Forseth, 33, fireman at the Bergstrom paper company mill is dead and Ray Vandervelker, chief engineer, is at Theia Clark hospital with severe burns about his legs as a result of an accident shortly before midnight Wednesday. Forseth was electrocuted while pulling a switch controlling the coal carrying car operating between the outside tracks to the boiler room. Whether there was a short circuit or whether the switch caught fire will be determined by experts who will visit the place Thursday.

Vandervelker in an effort to close down the entire mill to prevent any further damage, walked into a stream of boiling water which scalded him badly. He was taken to the hospital for treatment. The mill was closed down all day Thursday.

Efforts were made to revive Forseth, physicians worked over him for more than two hours. He is survived by a widow and two small children living on Fifth-st.

DEBT PARLEY FATE STILL DOUBTFUL

Depends on Whether
Schacht Will Change Attitude on Terms

Paris — (P) — The fate of the conference of experts on reparations, seeking to effect a settlement of Germany's ponderous post-war debt problem, should be known definitely today or tomorrow.

Dr. Hjalmar Schacht, German spokesman, returning to Paris from Berlin today maintains the same attitude which made failure of the conference imminent almost two weeks ago. The experts will have only quickly to finish their final report to DeGroot.

If on the other hand his stay at Berlin has put him in a position to make new suggestions meriting serious consideration of the representatives of the creditor nations negotiations probably will be resumed.

This latter alternative was regarded today, however, as extremely doubtful. Information from Berlin was that Dr. Schacht would make a new proposal but there was little indication it would be anything like satisfactory to the allied nations.

U. S. WITHDRAWS FROM STAND ON WAR STOCKS

Geneva — (P) — As an outcome of last week's withdrawal by the United States of objection to the non-limitation of trained reserves, Hugh S. Gibson, the American representative at the preparatory disarmament conference, today announced withdrawal of the American reservation concerning war material in stock.

At the opening of discussion on war material, Mr. Gibson said that the analogy between material in reserve and trained reserves was so close that he need only take a moment to explain the position.

Throughout earlier debates, he said, the American delegation endeavored to persuade the other delegations that material in reserve should be limited on the ground (1) that it actually exists in time of peace, (2) that it conferred a decided advantage on its possessor should war break out, and (3) that it was important to make a clear distinction between material in stock and in service.

However, as in the case of trained reserves, the American delegation was prepared to make a concession and to defer to the opinion of the countries primarily concerned.

SIR GEOFFREY BUTLER SUCCUMBS IN LONDON

London — (P) — Sir Geoffrey Butler, members of the house of commons and parliamentary private secretary to Sir Samuel Hoare, secretary for aviation, died in a London nursing home today. He was 42 years old.

Sir Geoffrey Butler was, widely known in educational circles in Great Britain and was a student of international law and politics.

He was assigned to the foreign office in 1915 and was a member of the Balfour mission to the United States two years later. He was director of the British Bureau of Information in the United States from 1917 to 1926.

In 1916 Sir Geoffrey married Elizabeth Levering, eldest daughter of J. Levering Jones of Philadelphia.

FREE PORT ENTRY IS CALLED UN-AMERICAN

Washington — (P) — Declaring that the last campaign failed to give a clear-cut decision on the type of port entry the farmer wants, Senator Norbeck, Republican, South Dakota, asserted in the senate today that the substitution "of the salvoes for equalization fee" by Alfred E. Smith made the election of President Hoover certain "without any regard for the farm question."

A careful reading of Lowden's so-called endorsement of the pending bill will show that the bill is in compliance with party promises.

"The Kansas City platform," the South Dakotan declared, "I hope it will be extended to him also and committee and will be begun next

ACTION TAKEN AFTER LAWYER FAILS TO QUIT

Attorney for Eastern New
York Told Removal Is
Effective at Once

Washington — (P) — William A. DeGroot, who has reportedly refused to resign as United States attorney for the Eastern New York district, has been summarily dismissed from office by President Hoover.

He is the third district attorney forced out of office since Attorney General Mitchell undertook to comply with the president's desire for increased efficiency in the government service and initiated the nation-wide survey of prosecuting attorneys offices, which is still in progress.

The other two, however, submitted their resignations in compliance with requests from the attorney general. They were John Cook, United States attorney for the Southern district of Mississippi, and William A. Goher, of the Southern district of Florida.

President Hoover's support of his attorney general's procedure was demonstrated when Cook came to Washington to see him but without success.

Council Sets June 14 As Date For School Referendum

MOVE BLOCKED TO POSTPONE VOTE FOR YEAR

Five Aldermen Opposed to Calling Special Election Next Month

The referendum on the question of purchasing Riverview Country club property for a senior high school site will be held Tuesday, June 4, the common council decided Wednesday night.

A concerted effort to put off the referendum until the spring election was made, but the resolution to hold the special election next month carried by a 7 to 5 vote. The aldermen voting against the election in June were Pueb, Reftke, Steinbauer, Vogt, and Vanderheyden.

Alderman Steinbauer wanted the council to vote on the proposed purchase immediately, but he did not offer any motion to rescind the action of the old council referring the question to a referendum.

Recommendation to purchase the golf grounds was made to the council by the school board several months ago. Although the board emphasized that a new school will not be necessary for several years, it pointed out that the golf grounds is the most suitable site, and if the city is to get the property, it must purchase it soon. The council preferred to determine the general sentiment of the people first.

As soon as Mayor A. C. Rule had reminded the council that it ought to fix the date for the referendum, Alderman Steinbauer urged that the council vote on the proposal at once, without referring it to a general vote. The purchase will be turned down by a three to one vote, he predicted.

OFFERS OWN PLAN

He then attempted to explain a plan of his own whereby the crowded condition said to exist at the high school could be remedied, but was ruled out of order.

Alderman Vogt started the move to put off the referendum until next spring at the regular election. He told the council the special election would cost approximately \$1,500 which he termed an unnecessary expense.

The first supporter of an early date then appeared in the person of Alderman McGillan. He pointed out that early action is necessary because the option on the golf grounds already has expired, and because the property may be sold to somebody else before next spring.

"The school board told us there soon will be an urgent need for a new senior high school, and I trust we have enough confidence in the board to at least give their recommendation serious consideration," he said. "Any delay in fixing the date of the referendum will only help to defeat the board's purpose."

"Despite the dire predictions of several aldermen, I do not believe anybody knows how the referendum will go," Alderman Steinbauer to the contrary. And while I am on the subject, I might add I think it is too bad the gentleman was not elected to the school board instead of to the council, since he apparently is so familiar with school subjects."

He urged the council to hold the referendum next summer.

As soon as Alderman McGillan was through, Alderman Pueb moved to fix the date at the time of the next spring election.

OPPOSES POSTPONEMENT

The motion brought Alderman Thompson to his feet.

"Adoption of such a date certainly would not be showing much courtesy to the school board," he said. "The school board spent about a year on its recommendation, and it considers the question pressing. Yet there are some of you who, by delaying the referendum, might kill the possibility of carrying out the proposal should the council wish to do so after the referendum."

"Either the council ought to decide immediately," or the preference of the people should be determined at once by means of a referendum which should be held as soon as possible. And I believe that next summer will be too late as many people will be out of the city then and unable to cast their vote. The sooner the date for this special election is set, just that much sooner will the council decide the course to follow."

An amendment to Alderman Priebe's motion, fixing the date of the referendum on the first Tuesday in June, was introduced by Alderman McGillan. The same vote 7 to 5, which finally approved the date, carried the amendment.

Withdrawing of the proposal by Irving Zucke to have the ten floor of his proposed 10 story office building on College ave to the city for a community hall for five years caused scarcely any discussion. Upon motion by Alderman Thompson the council "assented to the withdrawal."

Quits Bench

WAGNER ASKS SINGLE GREAT FARM AGENCY

Would Substitute It for Stabilization Methods of Present Bill

Washington—(AP)—Substitution of a single powerful government operated corporation for the commodity stabilization agencies provided for in the farm relief bill was proposed today by Senator Wagner, Democrat, New York, as a means of controlling surplus crops.

Describing the bill in its present form as a "muckery" and a "dressed up scheme" to satisfy campaign slogans, he claimed an interest in farm legislation as a representative of a state which produces crops valued at \$250,000,000 a year and is the largest consuming and tax-paying commonwealth in the country.

If stabilization is the intention of the administration, he argued, it should be frankly faced with a direct plan of execution and not through complex machinery and red tape.

He contended the debt-limit plan was not workable and that the Norris amendment providing for reduction of rates whenever overproduction is threatened in an affected crop did not improve it.

PREDICTS FAILURE

Asserting that many farm leaders themselves admit that the farmers will not join cooperatives, he declared the whole farm relief plan embodied in the pending bill is bound to fail because it intends to set up stabilization corporations upon the cooperative structure.

"Under this amendment, the plan is surely put into operation under the bill, the safer prophecy is that it will never take effect."

"The amendment places responsibility for the success or failure of the stabilization work where it belongs—on the administration. The administration bill permits idle boasting of success if there is any, and the shifting of blame elsewhere in case of failure

"Under both plans the government is in a measure in business. The issue is: The government being in business, shall it conduct it effectively or shall it have its hands and feet tied with red tape and shall it waste its breath in idle ceremony?"

Rail Inspector Here

R. P. Junker, Green Bay, demurrage inspector of the Superior division of the Chicago, Milwaukee, St. Paul and Pacific railroad company was in Appleton, Wednesday on an inspection tour. He also visited other railroad offices in the valley.

Two Bandits Kidnap Girl For "Blind"

Abduct Her and Steal Car
as Escort Hops Out to
Retrieve Hat

Chicago—(AP)—Clayton Sherman's hat blew off last night, with the following results:

(1) Theft of one automobile, (2) Kidnapping of Miss Dorothy Bannon, and (3) two robberies.

Sherman, president of the H. P. Smith Paper company, was driving with Miss Bannon on Sheridan road when he lost his hat in the wind. He stopped and ran back half a block to retrieve it.

As he was returning two men leaped into the car and drove away with Miss Bannon. For five hours thereafter police sought the young woman. It was nearly 2 o'clock this morning when the doorbell rang at the Sherman house and Miss Bannon was found, in collapse, at the door.

She told what happened after her escort's hat blew off.

"I looked around at a sudden noise, and there stood two men, one on either side of the car. Before I could cry out, they were sitting beside me, and one pressed a revolver against my side."

"We're stickup men," one said. "We want you for a blind so the cops won't stop us. Just do what we tell you and we won't harm you."

HAD ROBBED POLICE

Before Mr. Sherman could reach us, we sped away, one of the men driving. They told me they got their revolver from an Evanston policeman they held up Tuesday night."

(Albert Carr, Evanston policeman and winner of the Patten prize for police bravery, was robbed of his gun and his star Tuesday.)

"I begged them to let me out, but they kept saying they wouldn't hurt me. They said they had a lot of places to rob."

"Finally they told me to drive. Soon we passed two women on the sidewalk. The men started to get out to rob them, but I screamed. The women, becoming alarmed, screamed and ran. The men got back into the car."

"They didn't get mad at me, though. Just told me to keep on driving. Out somewhere, I don't know where, they robbed a car."

The robbers drove on, Miss Bannon said, robbed the occupants of another car, and would have held up several shopkeepers, she said, except for her pleas to them not to. Finally they put her out of the car and drove away.

SENATOR EDGE MAY BE NEXT AMERICAN ENVOY TO FRANCE

Jacob Gould Schurman
Likely to Be Retained at
Post in Berlin

CONTINUED FROM PAGE 1

service of more than a quarter of a century. Thus far, few names have been suggested. If any changes in the Latin-American field have been definitely decided upon, this fact has not yet become generally known.

Several of the diplomatic representatives in the southern republics will go forward with their work, but when the realignments and reorganizations are complete, there will be new American representatives in a number of the Latin-American capitals.

DAVIS TO COSTA RICA

Troy T. Davis is returning to Costa Rica as minister, but his friends are hoping that he will be promoted to a more important post in recognition of what they regard as his splendid service at San Jose. There are suggestions that he may succeed Alexander P. Moore as ambassador to Peru.

Besides those at Paris and Rome, a number of new appointments to the corps are to be made. The administration soon will be called upon to send a minister to the Union of South Africa, one of the British dominions, as the way now is being paved for direct diplomatic relations such as exist between the United States and Canada.

Friends of Senator Edge who are urging him for the Paris ambassadorship hold that he would fit well into the picture. Most of the questions between this country and France are economic, such as the tariff and war debts, to which he has given study as a member of the Senate finance committee.

He was in business in Paris for 14 years before his election to the senate, spending several months of each year there. He speaks the language fluently and since severing his connections with his old firm, he often has revisited the French capital.

HALF TON SAFE BORNE AWAY BY TWO ROBBERS

Milwaukee—(AP)—The bandits who robbed the Gravitt Motor Sales company here Wednesday night have been adjudged "husky" and not without cause, they carried a safe measuring four feet in height and three and a half feet in width weighing 1,000 pounds from the office of the company, then opened it and took the contents: checks, valuable papers and \$130.

Long Raps Newspapers In Taking Case To People

New Orleans, La.—(AP)—Gov. Huey P. Long was here today on his second speaking campaign against his impeachment. The Senate meets May 14 to try him.

He spoke here last night and was introduced by Senator J. L. Anderson of Grant Parish, who explained to the audience that his relations with the governor were "not strained" and termed the impeachment proceedings unconstitutional because Governor Long did not include impeachment in his call for the special session of the legislature which sought to impeach him. Governor Long again discussed charges placed against him, denounced the Standard Oil, and hit into the newspapers of Louisiana because "the truth ain't in them."

"They can't remove me by the vote of the people but they are trying to undo the election," the Governor declared.

"I wanted to come here a long time ago but I had to go to the country first. In other words we had a large area to cover as the newspapers of this city with their circulation and their capacity for lying were spreading to the country very fast."

The governor charged that Lieutenant Governor Paul N. Cyr had deserted him. "Cyr, instead of standing by me, I denounced the Standard Oil, and hit into the newspapers of Louisiana because "the truth ain't in them."

"They can't remove me by the vote of the people but they are trying to undo the election," the Governor declared.

SHEBOYGAN SCOUT HEAD SPEAKS HERE

Tells of Methods of Conducting Successful Hikes and Tours

Methods of conducting hikes and outdoor programs were discussed by H. W. Whinfield, Sheboygan scout executive at the fifth regular session of the Valley Council Scout Leaders' Training conference at Armory G Wednesday evening.

"In order to get the most out of a hike or educational tour it is necessary that the leader have an objective before setting out," he said. "Some of the chief objectives of councils throughout the country are nature study, camp craft, industrial enterprises, historical explorations, and others."

F. A. Urice, Sheboygan scoutmaster conducted an impressive investiture ceremony with the assistance of 12 scouts of American Legion Troop 4. He explained the necessary means for conducting ceremonies for camp fires, investiture services and others.

The inter-conference discussion Wednesday evening was based on inter-patio contests. The discussion was led by M. G. Clark, youth scout executive. A treasure hunt followed the discussion and 57 leaders took part.

MAIL QUESTIONNAIRES TO AUTOMOBILE OWNERS

Approximately 5,600 questionnaires were mailed to automobile owners in Appleton Tuesday evening by George E. Peotter, city assessor. Mr. Peotter urges that the cards be filled out with care and remailed immediately.

"Carelessness, resulting in slight mistakes, not only results in delays in assessments, but leads towards errors for which there is no excuse," he said. "The questionnaire asks the make of car, style, year of manufacture, number of cylinders, and number of passengers it will carry. If anybody receiving a card does not have an automobile or has disposed of his machine since last year, he should signify on the card."

The cards are addressed and stamped.

ASSESSOR HAS GOOD START ON FIELD WORK

With almost a month of field work disposed of, George E. Peotter, city assessor, has realized a good start on his task of personal property assessment. Mr. Peotter started the assessment work about the middle of the first week in April.

He is not maintaining any particular schedule, but is going about the city as occasion demands. The assessments, it is expected, will be completed the latter part of August or early in September.

A. LEATH CO. TAKES OVER WAUSAU STORE

The A. Leath Furniture company has purchased the Ritter and Deutsch company of Wausau, according to word received here at the local store. The Ritter and Deutsch company is one of the oldest establishments in Wausau. The Leath company now owns and operates 44 furniture stores in the midwest.

SEEK HEATING SYSTEM BIDS FOR WATER PLANT

Bids for a new heating system for the water works plant will be advertised for by the water commission, commission decided at a meeting at city hall Wednesday afternoon. A plan for the system was submitted by A. J. Hall, city chemist and plant superintendent, for contractors to base their estimates on.

TWO S. A. OFFICERS TALK AT MEETING HERE

Colonel W. G. Anderson and Staff Captain H. Pugmire will speak at a meeting at the Salvation Army hall, 327 College Ave., Thursday evening. The colonel has charge of the Lake Division, comprising Wisconsin and northern Michigan, and Captain Pugmire is general secretary.

WILSON GRADE GIRLS WILL PRESENT PLAY

"Yunseen," a short play, will be given soon by girls of the 7 B section of Wilson junior high school before a number of English classes. Girls taking part in the play are Misses Lorna Nines, Gertrude Feldt, Pearl Tesch, and Eleanor Pocan.

BUILDING PERMITS

A building permit authorizing construction of a school building at an estimated cost of \$54,000 was issued to the Zion Lutheran congregation Wednesday by John N. Weiland, building inspector. The building, which will be of brick, will be located at 118 E. Winnebago St. The dimensions will be 108 feet by 74 feet three inches.

A permit also was issued for a residence and garage at 1523 N. Durkee St. at a cost of \$5,000. The applicant was Paul Noffke.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Ordies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Ordie at night. Next day bright. Get 24 for 25¢ today at the nearest Rexall Drug Store. Danner's Inc.

Neenah And Menasha News

COUNCIL OPPOSES TAX COLLECTION BY COUNTY TREASURER

Aldermen Send Delegation to Madison to Oppose Proposals

Neenah—The city council, at its Wednesday evening meeting, went on record opposing semi-annual collection of city taxes by county treasurers instead of city treasurers, and the mayor, clerk and city attorney were delegated to attend the hearings at Madison and register their objections in behalf of the city.

Clerk Harry Zemlock cites the disadvantages of compelling citizens to go to Oshkosh to pay their taxes in two installments, and sooner or later there would be difficulties from allowing the county to handle city money he claimed. "We would be in favor of a semi-annual tax collection but they should be paid to our own city treasurer as we are capable of handling our own money," he stated.

Mayor Sande announced that two school commissioners were to be elected at this meeting, one in place of Mrs. J. F. Gillingham in the second ward and one in place of Leo Boehm in the Fourth ward, whose terms had expired. Alderman Robert Martens immediately moved to reelect Mrs. Gillingham, members wished for some more time to consider a member on such an important board at this time while the new school was under construction.

Alderman Martens moved again to reelect Mrs. Gillingham and it was seconded by Alderman Hanson. On the roll call Alderman E. C. Arnebom, first on the list, refused to vote. A discussion resulted after which a 15 minute recess was taken. Upon re-assembling Alderman Martens still moved to nominate Mrs. Gillingham. Alderman Bellin nominated Olaf Myhre as opposition. An informal vote was given. Myhre 8 votes and Mrs. Gillingham 2. On motion of Alderman Hansen, the vote was made formal and Mr. Olaf Myhre elected. Leo Boehm was unopposed and was unanimously elected to succeed himself.

Mayor Sande reappointed Robert G. Jamison as a member of the police and fire commission. In making the appointment the mayor stated that Mr. Jamison was a great asset to the commission, especially during the drafting of the rules and regulations governing the police and fire departments.

The committee on streets highways and bridges had several recommendations to refer to the board of public works. Chief among them was the widening of Winneconne-ave from the Soo line tracks west to Harrison-st, the cost to be paid by abutting property owners. It was reported that the corner of First and E. N. Water-st was in bad conditions and that gutters throughout the city are in bad shape.

Complaints were made by property owners that Soo line switching is being carried on in the same manner as before the action was taken two years ago by the city to prevent it. This was referred to a committee to take before the commission.

Junk yards must be cleaned up or closed up it was decided following the report that some junk dealers have not abided by city ordinances. It was suggested to have them all placed in a segregated location.

Attorney Kelly presented two ordinances regulating smoke. One provided a fine of \$25 for each offense for all smoke producing chimneys and stacks with exception of private residences, the other providing the same penalty for all stationary boiler and furnace chimneys, not including locomotives. The latter was adopted by a unanimous vote.

Many defective walks were reported throughout the city and it was decided to give notice to have them repaired or the city will do the work and charge the cost to the property owner.

Action was taken on changing the bathhouse locker system to the box system in order to afford better accommodations to the large number of patrons. Work was ordered started at once in order to have the place in readiness for the opening on June 1. An appropriation of \$350 for the work had been placed in the budget. A light was ordered at the corner of Eighth and Hewitt-sts; an appropriation of \$150 was made to the Memorial Day committee to assist in defraying Memorial Day observance expenses; a petition to grade Chestnut-st between Park and Division-sts was referred to the street committee; bills amounting to \$6,045.42 were authorized paid and monthly reports of the police department, justices and poor commissioner were referred to committees.

PLAY PROGRAM WAITS CHRISTOPH'S RETURN

Neenah—Playground activities will be discussed soon after the return of George Christoph from Emporia, Kas., where he has been connected with the College of Emporia as head of the athletic department. Mr. Christoph expects to leave Emporia about May 21 when arrangements will be made for programs at Doty and Citizens' Athletic parks. Mr. Christoph will have charge of the morning play for the smaller children, afternoon play and swimming lessons and the evening softball leagues. Besides, this Mr. Christoph will conduct the Red Cross swimming tests at the municipal bathing beach.

CITY SEEKS BIDS FOR SEWER CONSTRUCTION

Neenah—Bids will be received at the office of the city clerk on May 16 for material and labor for the new storm sewer system which the city would instruct in the summer. The entire system will include about 12,000 feet, including the entire length of Columbian-ave. and its branches. All bids must be in by 7:30 on the evening of May 16.

MAIL CARRIER POUNDS WALKS FOR 25 YEARS

Neenah—Henry Jackson, Wednesday celebrated his twenty-fifth anniversary as a mail carrier from the local postoffice. Mr. Jackson started in 1899 as a substitute when the free mail delivery system was inaugurated. In 1904 he was given a route. He has worked under postmasters L. H. Kimball, A. D. Eldridge, J. P. Keating, E. A. Severson, J. B. Schneller and is now working under James Fritzen.

DRAMATIC GUILD TO CONTINUE WORK

1929 Production Will Be Presented in Menasha Park, Officials Report

Neenah—When Doty park was opened last summer with the outdoor presentation of the English comedy "Prunella," the eyes of public spirited citizens were opened to the possibilities of summer dramatics. Discerning critics in last summer's audiences were heard to remark: "We would not have believed such excellence possible unless we had seen it."

There has sprung into life quite spontaneously the nucleus of a players guild to present each summer over a period of years, outdoor dramatic productions on the high level set by "Prunella." The guild already includes some or the best dramatic talent in the twin cities, and surrounding the guild is an enlarging circle of sponsors from the two communities.

It is agreed that this summer the scene shall be laid in the Menasha park, next year in one of the Neenah parks and in 1931 back to Menasha again. Quietly over the winter, in repeated meetings the organizers of the guild have been at work formulating plans and reading plays. The piece for 1929 presentation has now been selected and invitations will presently be issued by the casting committee to individuals and organizations for competitive tryouts.

Membership in the guild is to be the reward of merit and will become an honor to be striven for. The elections will be made after the annual production in early August of each summer. The movement is a refreshing evidence of twin city cooperation at its best and the quality of the proposed program will, it is believed, command the attention of the Fox River Valley.

ENTICED WIFE FROM HUSBAND, CHARGE

Appleton Youth Is Arraigned in Oshkosh Court—Husband Signs Complaint

Neenah—Neenah Chapter of the Daughters of the American Revolution, will meet Friday afternoon with Mrs. Helen K. Stuart at her home in E. Wisconsin-ave.

A reception for immediate relatives of Mr. and Mrs. Melvin J. Hoffman who were married Wednesday afternoon at Appleton, was given at the home of Mrs. Walter Koerwitz, Henry-st, sister of Mrs. Hoffman. Mr. and Mrs. Hoffman left during the evening for Chicago and Milwaukee on a short visit after which they will be at home at Appleton. Mrs. Hoffman was formerly Miss Lillian Hildebrandt of Neenah.

The Christian Science reading room has been removed from the Welnke building on E. Wisconsin-ave to the Hoffman building on W. Wisconsin-ave, occupying rooms on the second floor.

Arrangements have been started for the annual high school faculty picnic to be held soon. Committees have been appointed with Harry Pautz, as chairman of the arrangements; Mr. Reppe, chairman of the amusements. John Holzman, chairman of the refreshments; Armand Gerhardt, chairman of the cleanup squad and Miss Opie in charge of collections.

Twin City Ladies' Wednesday evening Bowling teams which closed their season a week ago will hold their annual meeting next Wednesday evening at the Sign of the Fox. A dinner will be served at 6:30, followed by election of officers.

READERS SHOW MORE INTEREST IN LIBRARY

Neenah—The total number of books in circulation from the Neenah public library during the month of April was 6,058, according to the monthly report of Miss Mae Hart, librarian. This is a gain of more than 800 over April, 1928. Of the total 3,221 were taken out by adult readers and 2,737 by children. A total of 204 books were taken out by teachers for reference, 639 books were furnished to school stations and 153 were in rural circulation. Repairs were made on 142 books. There were 1,107 patrons of the reading and reference rooms during the month and 23 new names were added to the patron list.

ACCEPT MAIL FOR TRANS-OCEAN FLIGHT

Neenah—The local postoffice has been notified to receive mail for European countries to be carried on the Graf Zeppelin which again will visit this country, return to Germany on or about May 16. The return trip will be made from Lakehurst, N. J. All mail designated for this trip must be marked in the upper left hand corner with the words "By Graf Zeppelin from Lakehurst." The postage rate is \$1.05 for a letter and 35 cents for a postal card. All mail will be unregistered and sent at sender's risk.

BIG CROWD FILLED WITH FRATERNALISM AT ANNUAL PROGRAM

Oshkosh Man Is Chief Speaker at Fraternal Day Meeting

Neenah—Fraternal day was celebrated Wednesday evening at Equitable Fraternal Union hall where a capacity crowd attended the annual program sponsored by Twin City fraternal societies. A feature of the program was a talk by L. M. Baird of Oshkosh, member of the home office of the Fraternal Reserve association. He explained the meaning of Fraternal Day, a day each year set aside for the purpose of bringing about a better understanding of the fraternal system. "Today fraternalists and fraternal societies," he said, "are concerning themselves as much about the cause and prevention of poverty as about its relief. The 15 million dollars they are annually paying for the relief of poverty is by no means all they are doing and I am not sure it is the larger part."

There are now more than 12 million adherents of this fraternal organizations, whose homes are protected by more than 12 billion dollars of insurance. Mr. Baird said. There is not a community in this broad land which does not feel its beneficial influence. Many millions have been distributed among families to prevent privation and suffering and home life in every community is replete with deeds of unselfish kindness and devotion to human welfare which is the guiding influence of fraternal organizations.

The remainder of the program consisted of music, drills by teams from the several lodges, a silent drill by the Headquarters company of the Wisconsin National Guard, selections by the Eagle drum corps and stunts by a group of high school girl athletes under direction of Miss Small.

The lodges represented were the Women's Benefit association, Royal Neighbors, Fraternal Reserve association, Fraternal Order of Eagles and Auxiliary, Knights of Pythias and Pythian Sisters, Modern Woodmen of America, Women's Catholic Order of Foresters, Equitable Fraternal Union and Brotherhood of American Yeoman.

Membership in the guild is to be the reward of merit and will become an honor to be striven for. The elections will be made after the annual production in early August of each summer. The movement is a refreshing evidence of twin city cooperation at its best and the quality of the proposed program will, it is believed, command the attention of the Fox River Valley.

ENTICED WIFE FROM HUSBAND, CHARGE

Appleton Youth Is Arraigned in Oshkosh Court—Husband Signs Complaint

Neenah—Lee Klassen, 19-year-old Appleton youth, formerly employed at Neenah, was arraigned in municipal court here Thursday charged with enticing Mrs. Georgia Pelton 17, from her home without lawful consent and for an unlawful purpose.

The complaint against the youth was filed by the girl-wife's husband, Everal Pelton, who asserted that the alleged offense was committed on April 11.

The defendant told the court that Mrs. Pelton told him that she wanted a vacation and that her husband abused her. Subsequently she went to Fond du Lac, where he visited her, he said. This was done with the knowledge of her mother, according to Klassen.

It was revealed that both were apprehended at Fond du Lac and that the woman was released to return to the home of her husband where she now is with her child.

FORMER RESIDENT OF NEENAH SUCCUMBS

Neenah—Fred Woechner, 57, former resident of this city, died Wednesday at his home in St. Louis, according to word received here by relatives. The body will arrive in Neenah Friday, and the funeral will be held at 2 o'clock Saturday afternoon at the home of his brother, William, on Cherry-st.

Besides William, he is survived by two more brothers, George, also of Neenah, and Otto of Oconto Falls, and three sisters, Miss Elizabeth Woechner of Neenah, Mrs. Crawford of Gladstone, Mich.

He was born in Neenah, leaving this city for St. Louis about 10 years ago.

STOLEN AUTOMOBILE IS RECOVERED IN OSHKOSH

Neenah—An automobile stolen Sunday from Helmut Racht, route 9, Neenah, has been located near a garage in the rear of Main-st at Oshkosh, according to word received here. This is one of a number of cars stolen recently by a group of young Oshkosh boys who used them for joy riding. Two of the boys, ranging in age from 14 to 17 years, were taken into an Oshkosh court Wednesday where arrangements were made for their hearing on May 10. Bail was set at \$500 each for their appearance. The boys were caught when they returned to get the car after they had parked it.

BEG PARDON

The name of John B. Schneller was inadvertently omitted from the names of graduates in the 1929 high school class published Wednesday. Schneller is among the 20 students in the class and a leading athlete.

TALKS AT CONFERENCE

Neenah—F. J. Sensemacher, president of the Kimberly-Clark corporation, was one of the speakers at the two-day Catholic conference on industrial work under the auspices of the National Catholic Welfare Council, at Green Bay.

NEENAH PERSONALS

Neenah—Miss Lyda May of Wauau, is visiting her sister Mrs. Harvey Larsen.

Mr. and Mrs. Charles Shanks and daughter of Chicago, are visiting Mr. and Mrs. P. A. Haertl. Mr. and Mrs. Haertl and their guests left Thursday for Rochester, Minn., where Mrs. Shanks will consult the Mayo brothers.

Harry Westphal and Elmer Reinke have returned from a successful trout fishing trip to Wittenberg.

Miss Irene Porath, daughter of Mr. and Mrs. William Porath, is seriously ill at Chippewa Falls, according to message received here Wednesday.

Mildred Matthews went to Adams to attend the funeral Friday of his father, who died Monday at La Crosse.

Mrs. Andrew Thuesen has returned from a visit with relatives at Cicero, Ill.

Miss Lucille Stridde submitted to an operation Thursday morning at Theda Clark hospital for removal of an operation at Fond du Lac.

Adolph Pringle, route 3, submitted to a major operation Thursday at Theda Clark hospital.

Andrew Mudrick, S. Park-ave, is in Theda Clark hospital for medical treatment. He was found Wednesday night lying in an unconscious condition near his home.

Paul Winarski, Menasha, is receiving treatment at Theda Clark hospital.

Miss Jacqueline Prinfield is at Theda Clark hospital for treatment for injuries received to one of her hands which became caught in a machine Wednesday afternoon while at work at the Textile plant.

SOCIAL ITEMS AT MENASHA

Menasha—E. T. Jourdain, secretary of the Fraternal Order of Eagles has mailed invitations for the Eagles anniversary dance Monday evening, May 6, at Menasha auditorium. Each member has the privilege of inviting a couple.

Mrs. Frank Smith has returned from Chicago, where she visited her daughter, Miss Pearl Smith, who submitted to an operation.

Mr. and Mrs. C. W. Laemmrich visited friends at Marion Tuesday.

Mr. and Mrs. Ray Bayer and children have returned from a visit with friends at West Bend.

Mr. and Mrs. Albert Ward and Miss Kate Patzel attended the funeral of Norman Reiter at St. John Wednesday.

W. J. Kanouse of Chicago, who spends the greater part of his summer at his cottage on the shores of Lake Winnebago, is visiting Twin City friends.

W. H. Reynolds is in Chicago on a business trip.

Gazek and Carpenter, Menasha's Cyclone Syncopators, took part in the Eagle Minstrel show at Appleton Wednesday night.

Mrs. E. H. Schultz was elected president of the Menasha Ladies study club at the annual meeting at the home of Mrs. John Strange. Other officers elected were: First vice president, Mrs. John Best; second vice president, Mrs. George Banta, Sr.; secretary, Mrs. E. W. Griswold.

Germania Benevolent society will hold a dance Thursday evening at Menasha auditorium. Doc Wilson's orchestra of Fond du Lac will furnish the music.

The card party given by the Christian Mothers at St. Mary auditorium Wednesday afternoon and evening was attended by a large crowd. In the afternoon honors at schakopf were won by Mrs. H. Schiffer, Mrs. Giesen; at bridge by Mrs. Orth and Mrs. Suess; and at whist by Mrs. E. Schrage. In the evening the schakopf prizes were won by Mrs. Schwartzbauer, Frank Jedwabny, John Pack, Herbert Resch; bridge by Mrs. William Hahn, Herman Muehlenbein; and at whist by Mrs. A. R. Dubzinski and Miss Rose Tucholsker. The chairman were Mrs. H. J. Muehlenbein and Mrs. John Walbrun.

Members of the Pi Pi club of the Congregational church entertained the "Puppy Love" cast at a 7 o'clock dinner Tuesday evening at the home of Mrs. Ted Elliott, 419 Tayco-st. Covers were laid for 18. The remainder of the evening was spent informally. Gilbert Hill, director of the play, was presented with a gift.

The Knights of Columbus will hold a meeting Thursday evening at their clubrooms. The business meeting will be followed by cards.

SOFTBALL GAME PUT OFF UNTIL NEXT TUESDAY

Menasha—The game of softball between Al Grove's Golden Rules and the Bergstrom Paper company team of Neenah which was to have been played at Menasha park Wednesday evening was postponed until next Tuesday evening on account of a wet diamond.

The Knights of Columbus will hold a meeting Thursday evening at their clubrooms. The business meeting will be followed by cards.

CITY ASSESSORS START WORK ON WEDNESDAY

Menasha—City Assessors Robert Heckner and Joseph Stommler, who succeeded Herman Laeckenbach, resigned on account of illness, started work Wednesday on making their annual assessment of personal and real estate property. For the first ten days they will be engaged in getting their assessment roll in shape in the municipal offices. Then they will take up personal property first.

LOESCHER DELEGATE TO ROTARY MEETING

Menasha—at the luncheon of the Menasha Rotary club Wednesday at Hotel Menasha, C. A. Loescher, president, was elected a delegate to the district conference at Oshkosh by a unanimous vote. W. K. Gerbrick and E. H. Schultz were elected directors for a term of two years. A committee was appointed to confer with Neenah Rotarians in

STRUGGLE FOR PATRONAGE IS GETTING WARM

Georgia Group Invades Capital and Brings Fight Into Open Again

Washington (AP)—Invasion of the national capital by a group of Georgia Republicans and Democrats who were prominent in the Hoover campaign last year has brought the whole southern patronage control fight into the open again.

Apparently the Georgians are here intent on obtaining a showdown as between the organizations set up by Horace A. Mann, who directed the president's campaign in half a dozen southern states, and the group of party leaders here who have been designated generally, though unofficially, as the administration committee on patronage control.

There is much conjecture whether the president himself will take a hand in the controversy, or whether the old Mann organization is to do down before the new machinery, which was set up under the direction of Postmaster General Brown in consultation with Walter Newton, administrative assistant to the president, and James Francis Burke, general counsel of the Republican National committee.

After a talk late yesterday with Mr. Newton, the Georgians had an engagement today to discuss the situation with the Postmaster General. Whether they will ask for an appointment with President Hoover was believed to hinge upon the outcome of this conference.

COFFIN TAKES PART

The Georgians' force was augmented by Howard E. Coffin of Sapelo Island, Georgia, a close personal friend of the president, who, it was stated, expected to call at the White House to urge recognition of the Mann organizations. Those committees are described as having been built up around southern leaders who were in the forefront of the campaign for the Hoover-Curtis ticket.

Three of the state committees which set up under the direction of Mr. Mann have failed to meet with the full approval of Postmaster General Brown. That in Georgia has been superseded by a committee headed by Lindsay Hopkins of Atlanta, who also was a member of the Mann organization. The one selected for Florida is being reorganized, and a new committee is being formed in South Carolina, where the group chosen by Mann was headed by Walter F. Brown, who had direction of the Hoover campaign in that state.

The Georgians, of course, are continuing their efforts to their own state organization, but the outcome is very likely to have its effect upon the organizations in the other states, particularly Florida and South Carolina.

Dance, Eagles Hall, Fri., May 3. Glenn Geneva presenting Rudy Westphal and his Minnesotans.

No Dance at Darboy this week. Next dance Thursday, May 9.

Accompanist

Local Cottagers Begin Their "Clean Up" Week

Local people who own cottages on nearby lakes are now making week end trips to their summer habitats and are getting them ready for the coming season.

Every weekend is turning out to be a typical "clean-up" week for the cottagers because high water con-

ditions during the past month have caused considerable damage to lake shore fronts.

The front lawns of many residences on lake front property are covered with drift wood, pieces of lumber and dead fish.

In some cases roadways leading up to cottages, especially those on the northeastern shore of Lake Winnebago, are washed by flood water.

Water is still standing over roads and lawns. The high water and wind storm of a week ago caused much damage to lake front property.

Several cottages must be recon-

structed because foundations were

washed over by the strong waves which

washed over the premises. Boat land-

ings must be replaced in several in-

stances because the original ones

have been washed away.

A Washington detective sought a man possessed of an unusual watch. He found him by asking strangers the time of the day.

BOY LEADS CLASS IN READING CIRCLE WORK

With a record of 25 books read during the school year, Lawrence Montney of the fifth grade at Washington school led his class in reading circle work. He and two others, Ethel Bloomer and Ralph Moller, earned special seals while two others in the class were awarded diplomas, Bernice Wolf and Kenneth Bay-

Everett Roudabush, who will play all piano accompaniments for the production of "Faust," to be given by Schola Cantorum at Lawrence Memorial Chapel Friday evening. Mr. Roudabush, who is known to the Appleton public as both a soloist and an accompanist, is skilled in the art of providing sympathetic and harmonious accompaniments, and his musicianship adds much to the performance.

FESTIVAL QUEEN WILL STOP IN APPLETON

The queen of the cherry festival to be held at Sturgeon Bay, May 24 to 26, and her entourage, will

pass through Appleton on the af-

ternoon of May 30, on her way to

see Governor Walter J. Kohler at Madison. She will stop here for 30 minutes, according to information received by Kenneth Corbett, secretary of the chamber of commerce and will be greeted by city officials. The festival and trip are being sponsored by the Door-co chamber of commerce.

FIREMEN STAGE ANNUAL DANCING PARTY TONIGHT

A large crowd is expected to at-tend the Appleton Firemen's annual ball Thursday evening at Cinderella ball room on the Lake-rid. The firemen have been working for several weeks as a committee and a huge ticket sale has been reported. The hall is to be specially decorated for the occasion and music will be furnished by Gib Horst's Rainbow Garde orchestra. Special busses will leave the hall after the dance.

CHICAGO IGNORES MID-WEST

Chicago is clamoring for a federal appropriation of \$5,000,000 with which to connect the lakes and the gulf, that is to complete the improvement of the Illinois river, including a nine foot ditch leading to the river. Chicago is little concerned with the St. Lawrence seaway. It is stressing altogether the importance of the lakes-to-the-gulf waterway. We do not think there is any doubt that it is doing this primarily in the hope of avoiding judgment against it for diverting lake water. It figures that if it can secure an appropriation with which to make it possible for light draft barges to be floated from the lake into the Illinois and Mississippi rivers, it will automatically have the consent of congress to divert water for navigation purposes that will be the equivalent of what it desires to abstract for sanitary purposes.

We do not think the rest of the country is deceived as to the real objects of this crusade. Nor do we think the Mid-west is deceived as to the benefits of this waterway project. The commerce that is to be transported down the waterway is largely imaginary. The only change it makes in the transportation facilities of the Mid-west is to permit Chicago to ship goods down the river and into the Gulf of Mexico, as well as to receive barge commerce from such points. What this will amount to no one can say, but it will probably be very much less than the claims made for it.

So far as a grain outlet by way of the gulf is concerned, the Mid-continent has this now, for all of the wheat it raises is in close proximity relatively to the Mississippi river and its tributaries and could be floated down that waterway for export. The fact that it is not used now for this purpose makes it certain that it will not be used extensively for the transportation of farm products by simply digging the drainage canal into and through the Illinois river. The benefits from this improvement are wholly speculative, while the motives back of it are open to suspicion. The day may come when the Ohio and Mississippi rivers will be used on an extensive scale, but much greater industrial and agricultural development is needed before light draft vessels can be employed economically.

On the other hand, the merits of the St. Lawrence seaway are as strikingly obvious as the value of the lakes-to-the-gulf waterway is problematical. It means the extension of the Atlantic seaboard to the heart of the continent and to the very door of the great grain raising sections of the Mid-west. From the standpoint of national welfare, it demands consideration above every other public work of a similar character. Secretary of War Good, speaking the other day on the development of inland waterways, again emphasized the importance of pushing to the earliest consummation the St. Lawrence seaway. He declared that the nation as a whole is interested in the utilization of this connecting link between the Great Lakes and the Atlantic which nature has already prepared and the perfection of which is not only of the highest cooperative concern to two nations, but will be an added guarantee of peace between them.

Art grows from necessity. Manhattan island, crowded and unable to build outward like ordinary cities, began building up into the air, and continues this natural procedure. In doing so, it has developed a unique architectural form and made a city which, viewed from the surrounding waters and shores, is more impressive and fairy-like than any other on earth.

Its lofty grandeur probably compensates for the traffic problems it produces. Other cities, lacking a similar setting and need, have imitated New York, but not often fortunately.

BUYING NEWSPAPER CONTROL

Testimony being taken by the Federal Trade commission reveals that the International Paper & Power company has invested some \$10,000,000 in the stock, bonds and debentures of newspapers. Much of its holdings are centralized in a syndicate ownership of Eastern newspapers. It asserts that its sole purpose in acquiring interests in newspaper properties is to insure a market for the news print it manufactures. Expansion of the news print industry was overdone during the war when excessively high prices made the opportunity for heavy profits too alluring. Many companies have been forced to reduce their output by running on part time or by closing down machines entirely. The question of finding an adequate market for production is a serious one. The newspapers themselves would not like to see a demoralization of the newsprint industry and a return to unprofitable prices. From the purely business side it is good judgment for paper manufacturers to buy up stock in newspapers if by so doing they can influence the use of their output. So far as the testimony before the Federal Trade commission shows, the International Paper and Power company has not even approximated control of any newspaper property it has bought into.

Control of the stock of a newspaper or of its policies, directly or indirectly, by power and paper manufacturing interests would be wholly undesirable and against public policy. We do not think it will come about despite the information disclosed by the Federal Trade commission. In the first place, any newspaper which sold out to such an interest would immediately forfeit public confidence, and in time suffer fatal financial reverses. Furthermore, no special interests can subsidize newspaper properties successfully.

When, therefore, Senator Norris declares that the disclosures referred to above "constitute another startling piece of evidence, mighty important within itself, but still more important when we remember that it is only one gigantic step of the power interests to get control of the schools, churches, civic organizations, legislative bodies, the press and broadcasting systems," he is letting his imagination run away with him in the usual manner of extremists and politicians who hamstring corporations in general.

Continuing, the Nebraska senator says: "It is another disclosure of the progress made in gaining control of every means of communication that sways society. * * * Followed to a logical conclusion it means that freedom of speech and even the right to think will be controlled by this—the greatest monopoly ever known." This is simply more exaggeration in picturing a condition that will never come to exist. It may be that government or other measures may have to be taken to protect the people completely against designs of the power and other great corporate interests to influence legislation and the policies of government, but it is unthinkable that they can ever acquire a voice in the operation of newspapers that will influence their policies in the slightest degree.

An inherently honest and independent press is as essential to the stability and performance of a newspaper as is an externally free and untrammeled press. Surrender of any of these guarantees and safeguards is suicidal to the newspaper and would defeat the very purposes of those to whom the surrender was made.

NEW YORK'S ARCHITECTURE

Another "tallest" building in the world" is announced. Again it is in New York, the most topping of cities. It will have more than 63 stories, rising to a height of 840 feet. It follows recent skyscraper architecture in being a rather formless mass of Babylonian towers, full of windows and tapering toward the top.

Art grows from necessity. Manhattan island, crowded and unable to build outward like ordinary cities, began building up into the air, and continues this natural procedure. In doing so, it has developed a unique architectural form and made a city which, viewed from the surrounding waters and shores, is more impressive and fairy-like than any other on earth.

Its lofty grandeur probably compensates for the traffic problems it produces. Other cities, lacking a similar setting and need, have imitated New York, but not often fortunately.

Australia, being considered a continent, Green-
land is the largest of the world's islands. It has
an area of 827,750 square miles.

POST-TONIC

The Remedy is Worse
Than the Malady

It is reported on the most reliable authority—but I won't mention her name—that when Harold the Seer was overdue for a social call Tuesday evening, at the first long roll of thunder, someone said: "There's Harold's car now." This is being written only because a thunderbolt can't sue for libel.

—Rudolph of the Bayou.

There's something to be said for the two University of Wisconsin students who broke into an abandoned house in New Hampshire to spend a night when their car failed them. But there was more incriminating evidence—three Harvard men were caught at the same time.

—Galahad Jiltme.

In view of the booze sales at that Illinois poor farm, the bootleggers might adopt this snappy slogan: "Sold from palace to poorhouse."

—Arleene Wearie.

That May day riot stuff in Europe probably wouldn't have been apparent if the "buls" hadn't seen the "reds."

—Harold the Imaginer.

Now that they're going to install talking pictures in the White House is there any advantage left in being president? Wonder if that's why Mr. Hoover got rid of the presidential yacht?

—Lord Sourface.

Does California envy Florida for all the publicity it's getting in connection with the Mediterranean Fruit Fly?

—Artless Codger.

"Now remember, son," said the wise father as he handed over the keys to the new car, "the upkeep is bad enough, but the turnover's worse."

Traffic Cop: "So! After knocking down that old gentleman you're running away to escape a summons."

Chauffeur: "Gosh, Officer, I thought there was enough trouble as it was."

Heard of an automobile accident the other day which was due to the fact that the back seat driver went to sleep and didn't attend to business.

The Jury had acquitted the defendant of horse stealing because of the powerful plea of his lawyer.

"Honor bright, now, Bill," said the lawyer, as the two left the courthouse, "you did steal that horse, didn't you?"

"Well, now, look here. I'll be honest with you. I always did think I stole that horse until I heard you make that speech to the jury. Now I'll be dogged if I ain't got my doubts about it."

Wife—I just bought a set of Shakespeare. Husband (angrily)—How many times have I told you not to buy those foreign tires?

If only the Jack furnished with the car was the kind needed to lift the mortgage.

Does your finance know much about automobiles?

Heavens, no! She asked me if I cooled my car by stripping the gears.

A FINE IS A "GO," NOT A "COME"

"Everything comes to him who waits."

"Yeah; that's how I got a fine for parking my car today."

Garage Proprietor: "Police station?"

Voice on the Phone: "Yes, what's wrong?"

"I've got a suspicious character here. He wants to pay cash for a second-hand car."

Foreman: Pat, you know you had no right to touch that wire. Don't you know you might have been killed by the shock?

Pat: Sure. I felt it carefully before I took hold of it.

Irate Employer: "Late again. Have you ever done anything on time?"

Clerk: "I bought a car."

Today's Anniversary

U. S. PARCEL POST

Today is the anniversary of the start of parcel post in the United States. It is difficult to realize that this vast and complicated system was begun just 17 years ago, today, and then only in an experimental way.

On May 2, 1912, an appropriation bill was passed providing \$750,000 for a survey of the problem. Parcel post packages were not accepted in the mails until the first of the following year.

Parcel post is not, however, a modern thing. The ancient Egyptians, Assyrians and Persians had a similar system worked out to a highly efficient degree. A document written in 270 B. C. and found in the Nile valley, affords an interesting glimpse of the post offices of the ancients. Careful notes were kept of the day and hour of each messenger's arrival, and the number of packages he carried. Service was restricted, however, to kings and state officials.

Marco Polo wrote, too, of a highly developed postal system in China from the earliest ages, which included the handling of packages.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Thursday, May 5, 1914

The Knox construction company, which was building an interurban line between Green Bay and Kaukauna expected to have cars operating on the tracks within the following three weeks.

George Hogreiver of this city distinguished himself in the opening game between Indianapolis and Kansas City. Mr. Hogreiver had played with the Indianapolis team for about five years and was one of the star players.

About 1,500 pupils were expected in Appleton for the Northwest Wisconsin Interscholastic track and field meet under the management of the Lawrence university Athletic association.

Mrs. L. H. Mack and Miss Evelyn Koch left that morning for Racine where they were to visit Mrs. C. E. Benson, formerly Della Smith of this city.

F. J. Harwood made a trip to Ripon the first of the week in his new automobile.

TEN YEARS AGO

Thursday, May 1, 1919

The one hundredth anniversary of the Odd Fellows was observed the previous night with a banquet and program at Odd Fellows hall.

Interest in the return of the war veterans was growing daily and was expected to be at a fever height the day of the return.

The mens clothing stores were to close at 6 o'clock every evening and open at 8 o'clock in the morning according to an announcement made that day.

H. B. Frame was a business visitors at Oshkosh that day.

Sam Shapiro left the previous day for Minneapolis.

Mrs. E. H. Harwood entertained at bridge at her home the previous day. The prize was won by Mrs. Henry Scheel.

Harry Sylvester was an Oshkosh visitor the previous Tuesday.

Australasia, being considered a continent, Green-

land is the largest of the world's islands. It has

an area of 827,750 square miles.

BEWARE THE HAWKS!

A BYSTANDER IN
WASHINGTON

BY HERBERT C. PLUMMER

Washington — Rep. Edgar Howard

wants to see obliterated the last

trace of resentment between the fol-

owers of Lee and Grant and their

descendants.

To accomplish this he is asking

congress to provide for a joint reuni-

on of veterans of the civil war in

the national capital.

Mr. Howard hit upon the idea

some 11 or 12 years ago. As acting

governor of Nebraska he attended

the joint reunion of the armies of

the blue and the gray at Vicksburg,

Miss. So impressed was he on this

occasion that he determined then

and there to try and have the sur-

vivors of the two armies meet in

Washington.

"I shall never forget the Vicksburg

reunion," he said. "I remained there

for almost a week. Night after night

I was called upon to go and address

camp fires representing the soldiers

of both sides in that great war. That

was the inception of my bill."

AT COUNTRY'S EXPENSE

It is Mr. Howard's plan to have

congress foot the bills for the reuni-

on. A commission would be set up

consisting of the general of the United

States army and the commanders

in chief of the Spanish-American war

veterans, the American Legion, and

the organization known as the Veter-

ans of Foreign Wars. This commis-

sion would have complete charge of

the reunion.

The Nebraskan thinks that only

MRS. WILLEBRANDT EXPLAINS LETTER ON JONES MEASURE

"Enforcement by Harras-
ment Is Never Justified,"
W. C. T. U. Heads Told

Washington—(P)—Long estab-
lished precedent and a belief that
"enforcement by harassment is never
justified" are held out by Mrs. Mabel
Walker Willebrandt, assistant attorney
general in charge of prohibition
prosecutions, as reasons for her
letter directing district attorneys to
use "wise discretion" in application
of the Jones law.

Her explanation of the letter, which has aroused widespread com-
plaint, was given to Mrs. Lenna
Love Post, legislative superintend-
ent of the National Woman's Chris-
tian Temperance union, and is pub-
lished today by "The Union Signal,"
its official weekly organ.

"The letter of the application of
the new Jones amendment followed
the precedent of the department long
established in the administration of
the white slave traffic act," she says.
"Its purpose is to point out to United
States attorneys the importance of
a careful study of the evidence prior
to instituting action, and the exer-
cise of wise discretion in fitting
that evidence into the particular section
of the law, violation of which
it will best prove in court. For,
although the average man and woman
may be unaware of the fact, every
lawyer knows that the prosecutor
must weigh evidence and choose
(make an election of remedies) under what
section of the law he will plead the
case.

MUST BE CAREFUL

"Particularly must every United
States attorney do this with prohibition
violations. Almost every violation
reported by prohibition agents is a legal infringement of no less
than five sections of law, to wit (A)
some of the internal revenue statutes
existing prior to prohibition; (B) the
possession, (C) nuisance, (D) transpor-
tation, (E) sale, (F) or manufacturing
sections of the National Prohibi-
tion act; the tariff act, (H) the cus-
toms act, and frequently (E) the pro-
hibition law of the county or state.
To proceed under possession or some
of the sections, a misdemeanor com-
plaint may be filed immediately. To
choose other sections, the case must
be presented to the grand jury.

"United States attorneys' offices
have in the past used blanks charg-
ing sale just as a misdemeanor. They
can no longer do that. If the evi-
dence is inconsequential in char-
acter so that proof of more than illegal
possession is doubtful, it is manifestly
unfair to a defendant to attempt
to prove a felony. Enforcement by
harassment is never justified. . . ."

Levi Bancroft, district attorney for
Eastern Wisconsin, recently an-
nounced that despite Mrs. Wille-
brandt's order he would try all cases
under the Jones law.

MORE TRUANCY CASES AS SUMMER APPROACHES

If there's nothing else to prove it,
the monthly report of J. G. Pfleil,
truant officer, is evidence enough
that spring is here. The number of
truancy cases all year has been
around three and four a month, but
with the fish nibbling and the frogs
chirping, the number suddenly sky-
rocketed to 11.

Of the 47 other cases of non-
attendance 18 were attributed to par-
ental negligence and 17 to other
causes. Two parents were notified
of a violation of the law, four pupils
were returned to school, and one
case of destitution was found. Calls
made during the month numbered
132, of which 23 were at schools. No
cases were brought into court.

LINDY NOT PRESENT TO GREET FIANCÉE

New York—(P)—Miss Anna Mor-
row, betrothed to Col. Charles A.
Lindbergh, came back to New York
today with her sister and her mother
but the Lone Eagle was not among
those to greet her on her arrival.

There were no interviews. Miss
Morrow, like the flying colonel, is
adverse to newspaper publicity on
their romance. The women imme-
diately were hurried to the Morrow
home at Englewood, N. J.

FIRE ON STEAMSHIP WON'T DELAY SAILING

London—(P)—Fire last night in
the number two hold of the White
Star liner *Majestic* will not delay
its scheduled sailing for Montreal to-
morrow. Fire and water damaged
the ship's holds and passenger quar-
ters on the starboard side, though
not to any great extent.

WISCONSIN WEATHER

Generally fair tonight and Friday,
preceded by unsettled in southeast
portion; frost tonight; somewhat
warmer Friday in south portion.

GENERAL WEATHER

The low pressure area which
covered the central valley yester-
day morning has deepened and is
now centered over northern Ken-
tucky. It has brought cloudy
weather and showers to all districts
east of the Mississippi and to parts
of the western plains states. It is
somewhat colder in the central val-
ley and the western plains states
this morning and frost occurred as
far south as northern Oklahoma.

Fair and warmer weather prevails
in the Rocky Mountain states and on the
Pacific coast. Fair with frost is
expected in this section tonight and
Friday.

Interlocutor

SOUTH MAY KEEP NORTH IN UNION, C. E. MEMBERS TOLD

Dr. Ira Landrith Tells Young People at Oshkosh Today Is Opportunity Age

Speaking in Wisconsin the first
time since the state voted to repeal the
Severson act, Dr. Ira Landrith,
citizenship secretary of the International
Christian Endeavor Union chided young people from the Fox
river valley about the state's secession.

Dr. Landrith who was born in
Texas and lived in the south many
years alluded to the fact the north-
erners came down south to stop the
south seceding over the slavery
question and then laughingly re-
marked that perhaps the south
would come north to keep some of
the northern states from seceding.

He said the south had been dry for
many years and was heartily in favor
of prohibition.

After he had laid aside the prohibition
question, Dr. Landrith launched
into a discussion of the opportunities
presented young people of today.
The present is a very fortunate
age for young people to be living in, he said, because of the
willingness of elders to place responsibility
in young people. The best
proof of such a statement, he said,
was the numerous young executives
in the country at the present time,
many of them just over 30 years of
age.

People should refrain from com-
menting that young people of today
are "going to the dogs," the speaker
said, for if young people are told
that long enough, that's just where
they will go. As youth goes, so
goes the nation, Dr. Landrith said,
and if youth goes to the dogs, so
will the country.

The address was heard by several
hundred young people, members of
Christian Endeavor Unions in Fox
river valley churches and in churches
as far south as Sheboygan. About
20 young people from Appleton were
among the group. Dr. Landrith talked
to the state convention of Christian
Endeavorers here last summer.

LOAD RESTRICTIONS LIFTED WEDNESDAY

Commissioner Says High-
ways Now Hard Enough to Bear Normal Traffic

Weight limits restrictions on county
roads were lifted Wednesday by
Frank Appleton, highway commis-
sioner. Mr. Appleton said an inspection
trip had convinced him that roads
are now hard enough to bear
normal loads and trucks again will
be allowed to use the highways with-
out fear of overloading.

The restricted load regulations
were put into effect about a month
ago to prevent heavy trucks from
damaging roads which were soft
from the frost leaving the ground.
During the month the weight limits
were in effect Charles Steidl, county
motorcycle officer, was in charge of
enforcement.

The restrictions were as follows:
On unpaved roads and roads with
concrete less than nine feet wide, 7,
000 pounds; on roads with pav-
ement more than nine feet wide, 12,
000 pounds for trucks with solid
tires and 18,000 pounds for trucks
with pneumatic tires.

The camp, the seventh one spon-
sored by the Appleton Girl Scout
committee, is a non-sectarian camp
for all girls at Oneaway Island,
Waupaca. The dates for this year's
camp are June 27 to July 18, a week
longer than in former years.

The staff this year will include
Agnes Vanneman Shipman, director;
dietician and assistant director, Miss
Catharine Ditzler; registered nurse,
Miss Geneva Blumenchein; and cook,
Miss M. K. Dick. The life guard has
not yet been appointed, nor have the
councillors, who will be chosen
from among the girls on the basis of
character, proficiency and profes-
sional training.

Camp activities will include swim-
ming and water sports, nature
study, archery, canoeing and boat-
ing, camp singing, dramatics, hand crafts,
outdoor cooking, boat trips and over-
night hikes.

RACINE WOMAN HELD FOR STEALING AUTO

Racine—(P)—Police today were
holding Mrs. Corrine Voight on a
charge of grand larceny in connec-
tion with the theft of an automobile
valued at \$750.

On April 19, Mrs. Voight rented an
automobile from O. J. Muller. Two
days later Michigan City, Ind., auth-
orities telephoned Racine police
that they were holding Mrs. Voight
and two men companions on sus-
picion. They were released, how-
ever, when Muller said the woman
intended to rent the car for several
days.

Muller next heard from Mrs.
Voight when she telephoned him
from Pontiac, Mich. She told a
story of having been kidnapped and
thrown from the automobile near Det-
roit. She did not explain why she
telephoned from Pontiac so police
arrested her on her return here
Wednesday.

PHOTOGRAPHERS MEET FRIDAY AT NEW LONDON

The Fox River Valley Photog-
raphers association will meet at New
London, Friday, May 2, according to
E. H. Harwood, Appleton, pres-
ident. The meeting will be held at
Elwood hotel, and the evening's pro-
gram will be prepared by the Carter
Hanson Studio of New London. Carl
Mason, New London, is to be prin-
cipal speaker. Harry L. Lyman,
Oshkosh, is vice president of the as-
sociation, and Mrs. E. H. Harwood,
Appleton, is secretary.

LORDS APPROVE MOTION ON BRITISH WAR DEBTS

London—(P)—The house of lords
after a brief discussion today approved
a motion introduced by Lord New-
birkhead approving the principle.
Eggert owns a home on W. Atlantic
st. and will move it into after the
present tenants leave.

300 PRESENT AT MINSTREL SHOW

Annual Production of Eagle Lodge Is Well Received by Audience

About 300 persons attended the
first night performance of the sec-
ond annual minstrel show presented by
Fraternal Order of Eagles Wed-
nesday night at Eagle hall.

Mr. Lorinda Nieland and Miss
Marie Alteri, the only two girls in
the cast, sang their solos with charming
grace and contributed much to the
chorus numbers.

The musical numbers were fol-
lowed by a humorous monologue,
comic songs, an exhibition of magic,
a dancing specialty, banjo selections
and a black face play. The minstrel
will be repeated Thursday night at
Eagle hall and the seat sale indicates
a capacity house for this second per-
formance.

Club Meets Last Time This Year

THE Town and Gown club held its last meeting this season Wednesday afternoon at the home of Mrs. F. W. Clippinger, E. Alton-st. A 1 o'clock luncheon preceded the social afternoon with Mrs. Clippinger, Mrs. W. Crow and Mrs. H. H. Heller the hostesses.

Officers for the coming year will be: Mrs. J. Griffith, president; Mrs. F. W. Clippinger, vice-president; Mrs. William McConaughy, secretary-treasurer. Retiring officers are Mrs. Crow, president; Mrs. Anna Tarr, vice-president; Mrs. Earl Baker, secretary-treasurer.

Mrs. Edna Wiegand and Mrs. Heller are members of the program committee for the next two years. The program committee for the present year included Mrs. Griffith, Mrs. Clippinger and Mrs. Tarr. Mrs. W. McConaughy, Mrs. Smith McLandress, Mrs. L. A. Boettiger and Mrs. Rex Mitchell were received into the club membership the past year.

Sixteen meetings were held, the first on Sept. 26. The study of American and British Contemporary poetry and drama occupied the attention of the members. Travel will be the subject of the program next year and the first meeting will be Sept. 25, at the home of Mrs. W. E. McPheeters, 909 E. Alton-st.

TWO APPLETON PEOPLE ATTEND CHILTON MEET

W. E. Smith and Mrs. E. L. Bolton took part in the program given at the third annual meeting of the Past Matrons and Patrons circle of the Fox River Valley on Wednesday evening at Chilton at which chapters of Eastern Star in Calumet were hosts. Mr. Smith spoke on Has Beens and Mrs. Bolton gave the prayer.

Appleton persons present were Mr. and Mrs. Smith, Mrs. Bolton, Mrs. A. W. Hoffman, Mr. and Mrs. Ernest Morse, Mr. and Mrs. James Wagg, Mrs. Erik L. Madisen, Mrs. Edward Connolly, Mrs. and Mrs. Paul Hackert, Mrs. L. J. Marshal, Dr. G. E. Johnston and Miss Viola Behling. A short program of music, including a children's orchestra in costume, was presented at a 6:30 dinner. Officers were elected at a circle meeting and there was a card party for guests at the dinner. Miss Vola Behling served as treasurer of the circle for the past year.

A regular meeting of Past Matrons club of this city will be held at 7:30 Thursday evening at the home of Mrs. R. N. Clapp, N. Union-st. Mrs. J. T. Purves will be the assistant president.

CLUB MEETINGS

Mrs. Ernest Morse was elected president, Mrs. Karl Haugen, vice president, Mrs. Homer Benton, secretary and Mrs. F. G. Moyle, treasurer of the Fortnightly club Wednesday afternoon at a meeting at the home of Mrs. Edward F. Mielke, E. Hancock-st. Mrs. H. P. Russell reviewed "The King's Henchmen" by Edna St. Vincent Millay and Deems Taylor at the meeting. The last meeting of the year will be on Wednesday afternoon, May 15, at the home of Mrs. Eugene Colvin, with Mrs. Colvin, Mrs. Mabel Meyer, Mrs. George Nixon and Mrs. L. S. Wolfe the hostesses. Mrs. F. G. Wheeler will review "Up the Years from Bloomsbury" by George Arliss.

Ten members were present at the meeting of Lady Eagles Wednesday afternoon at Appleton Womans club. Prizes at cards were won by Mrs. George Hoegrever, Mrs. Edward Delich and Mrs. William Klahor. The regular meeting of the club will be held next Wednesday afternoon.

A social hour will follow the business session of the Womens Relief Corps, Auxiliary to the Grand Army of the Republic at 2:30 Friday afternoon at the Elk's hall. Balloting on candidates and initiation will take place and the birthday anniversaries of G. A. R. veterans and members of the Corps will be observed. Plans will be made for the annual Memorial day dinner and memorial day exercises.

Mrs. Homer Benton, E. Washington-st., will be the hostess at the meeting of the Over the Teacups club Friday afternoon at her home. Mrs. F. W. Clippinger will read, Mrs. H. F. Heckert and Mrs. Nina F. Purdy will give current events and a magazine article.

The drill team and officers of Womans of Mooseheart Legion will meet at 7:30 Friday evening at Moose temple. There will be a regular drill practice.

Ladies of Sir Knights, No. 29 Appleton Commandery, will meet at 7:30 Friday evening at the home of Mrs. Albert Rule, E. South River-st. Mrs. Sarah Phillips will be the assistant hostess.

There will be a special meeting of the J. T. Reeve, circle, Ladies of the Grand Army of the Republic, at 7:30 Friday evening at the home of Mrs. E. S. Mueller, 620 N. Morrison-st. The meeting has been called to consider applications.

Plans for Memorial Day will be made at the meeting of the Auxiliary to the Spanish War Veterans at 7:30 Friday evening at the armory. Committees will be appointed to make arrangements and there will be balloting on candidates and plans for the membership drive.

WEDDINGS

Mrs. Louise Flotow, 318 E. Harris-st., and Edwin P. Kline, 317 N. Appleton-st., were married at 2 o'clock Thursday afternoon at the home of Mrs. Flotow's daughter, The Rev. J. F. Nienstedt performed the ceremony. Mrs. Edwin Voigt, E. Harris-st., Orville Myse and Mrs. Voigt were the attendants. After a wedding trip of a week to Chicago, Mr. and Mrs. Kline will reside at 319 1/2 N. Appleton-st.

Mr. and Mrs. R. P. Nines, 1333 W. Lawrence-st., spent Sunday at Corunna, Mich.

TUESDAY STUDY CLUB SELECTS ITS OFFICERS

Mrs. R. B. Thiel was elected president of the Tuesday Study club at the annual meeting of the club Tuesday evening at the home of Mrs. M. D. Bro, 517 S. Mason-st. She will succeed Miss Ida Hopkins. Other officers elected were Mrs. John Graef, vice president; and Mrs. C. L. Kolb, secretary. Retiring officers are Mrs. Thiel, vice president and Mrs. C. C. Nelson, secretary-treasurer. Members of the program committee for the next club year are Mrs. Graef, Mrs. George Boehm and Mrs. W. J. McMahon. Two new members Mrs. Boehm and Mrs. McMahon were received into the club the past year. Husbands of the members will be guests at the annual spring banquet of the group next Tuesday night at the Conway hotel. Miss Mary Peterson, Miss Flora Kethoe, Miss Helen Schmidt and Miss Ida B. Hopkins are members of the committee in charge of arrangements. The last meeting of the year will be on May 25, at the home of Mrs. H. E. Peterson at Clintonville. Mrs. Peterson who is a member of the club, entertains the club annually.

REBEKAHS TO SEND DELEGATES TO CONFERENCE

Miss Maud VanRyzin, Miss Agnes VanRyzin, Mrs. William Martin and Mrs. Lena Pynn were elected delegates of Deborah Rebekah Lodge to the state assembly of Deborah Rebekah in June at Green Bay at the meeting of the local lodge Wednesday night at Odd Fellow hall.

A report of the district convention on April 24 at Two Rivers was given by Mrs. Oscar Bruss who represented the Appleton lodge. Sixty delegates from this city, Green Bay, Sturgeon Bay, Manitowoc, Two Rivers, DePere, Kaukauna, Stockbridge, and Menasha were present and plans were made for the next district convention in September at Stockbridge.

It was voted to award the decoration of chivalry and honorary decoration in recognition of merit, to Mrs. William Martin and Dr. Eliza Culbertson at the next meeting, a social in two weeks.

CHURCH SOCIETIES

Games were played at the social meeting of the Zion Lutheran Mission society of Zion Lutheran church Wednesday afternoon at the home of Mrs. Herman Tock, E. Randall-st. Prizes were won by Mrs. Marzilski, Mrs. Emma Miller and Mrs. Rose Tank. The entertainment was arranged by Mrs. Effie Buskie and Mrs. Anna Brown. The hostesses were Mrs. Tock, Mrs. Lorena Schultz, Mrs. Lily Wheeler and Mrs. Fred Wiese. The next meeting will be on May 15 at the home of Mrs. Jennie Buchert, N. Appleton-st.

The Order of Martha and Phillip Houschold will meet at 2:30 Friday afternoon at Catholic home. Each household will have a business session and there will be a combined social hour.

There will be a meeting of the Baptist Young Peoples Union at 7:30 Friday evening at First Baptist church. The regular monthly business session will be held.

MRS. MHARG PASSES LIFE SAVING TESTS

Mrs. John B. MacHarg passed the senior life saving test at the Y pool Wednesday evening. Agnes Vanmeren Shipman trained Mrs. MacHarg and the test was given by Miss Katherine Wisner. The test includes swimming 100 yards, diving, recovering objects, various approaches, turns and holds used in scientific life saving, methods of resuscitation, and an oral quiz. Mrs. MacHarg is the first swimmer to complete the test this year. Sixty-two people were present at the various swimming classes on Wednesday.

K. P. SISTERS GIVE MAY BALL

The publicity committee for the Southern Wisconsin district convention of the Walther league to be held here under auspices of the Senior Olive branch Walther league of Mount Olive church and the Young People's society of St. Paul church met in Mount Olive church parlors Wednesday evening. Plans were discussed and reports were read by members of the committee.

The congregation of Memorial Presbyterian church will give a supper and party for pupils of the Sunley school Friday evening at the church.

The supper is for the school as a whole but also is in honor of the winning class in the Loyalty contest, a class of boys taught by Leslie C. Smith. The class won the contest on attendance, lesson preparation and general activity. Harold Heller, superintendent of the Sunday school will be general chairman and Mrs. F. W. Schneider and L. C. Smith will be in charge of the games. The Ladies Aid society will serve the supper.

LODGE NEWS

The drill team and officers of Womans of Mooseheart Legion will meet at 7:30 Friday evening at Moose temple. There will be a regular drill practice.

Ladies of Sir Knights, No. 29 Appleton Commandery, will meet at 7:30 Friday evening at the home of Mrs. Albert Rule, E. South River-st. Mrs. Sarah Phillips will be the assistant hostess.

There will be a special meeting of the J. T. Reeve, circle, Ladies of the Grand Army of the Republic, at 7:30 Friday evening at the armory. Committees will be appointed to consider applications.

Plans for Memorial Day will be made at the meeting of the Auxiliary to the Spanish War Veterans at 7:30 Friday evening at the armory. Committees will be appointed to make arrangements and there will be balloting on candidates and plans for the membership drive.

ALUMNAE HOLD REUNION HERE

The annual Phi Mu alumnae reunion will be held in this city Saturday and Sunday, with headquarters at Hotel Northern. Alumnae from Duluth, Minn., Ishpeming, Mich., and Wisconsin cities are expected to attend.

The program will include luncheons, business meetings, and a banquet and bridge at the Hotel Northern Saturday evening to which the active chapter at Lawrence college will be invited. Mrs. Eugene Price, president of the local alumnae organization, is general chairman of arrangements.

Mr. and Mrs. R. P. Nines, 1333 W. Lawrence-st., spent Sunday at Corunna, Mich.

Change Name Of Auxiliary To Foresters

In accordance with the orders of the Rt. Bishop Paul P. Rhode of the Green Bay diocese that there shall be but one catholic relief society in each city, the Ladies Auxiliary of the Catholic Order of Foresters changed its name to the Apostolate Wednesday night and in the future will be the one Catholic relief society in the city. Bishop Rhode will be the high president; the Rev. W. H. Kiernan, the director and Msgr. W. J. Fitzmaurice the spiritual director of the Apostolate.

Other officers are Otto Wolter, president; Mrs. Gustave Keller, Sr., vice president; Mrs. Frank Glaser, secretary; Mr. Leo Rechner, treasurer; Mrs. C. P. Heckel, senior conductor; Mrs. Arthur Kavanaugh and Mrs. W. Schulze, sentinels. Mrs. Wolter will be general chairman of relief work and the chairman of the various wards and the workers are as follows:

First ward, Mrs. T. J. Long, chairman, Mrs. Joseph Schiffer and Miss Dina Geenen.

Second ward, Mrs. T. H. Ryon, chairman, Mrs. Margaret Dorn, Mrs. S. A. Konz.

Third ward, Mrs. George Woelz, chairman, Mrs. James O'Leary, Mrs. O. Wolter, Mrs. John Waites, and Mrs. C. P. Heckel.

Fourth ward, Mrs. Gustave Keller, Sr., chairman Mrs. Conrad Verbruck, Mrs. Christine Gosz.

Fifth ward, Mrs. Wenzel Hassman, chairman, Mrs. Frank Glaser, Mrs. H. Nabbelefeld.

Sixth ward, Mrs. Robert Strassburger, chairman, Mrs. Frank Schneider.

Mrs. Gustave Keller, Sr., will be the visitor to St. Elizabeth hospital; Miss Minnie Geenen will be the visitor to Riverview Sanatorium; Mrs. W. F. Schulze will be chairman of the store room; Mrs. Catherine Reuter will be the visitor to the city home and city hospital. Mrs. Patrick Heenan will be chairman of the immigration welfare work and will be assisted by Mrs. Hugh Garver and Mrs. Eugene Walsh.

A social hour followed the business session and prizes at bridge were won by Mrs. S. A. Konz and Miss Minnie Geenen. Mrs. Wenzel Hassman was in charge of the social hour.

Plans were made for serving a 6 o'clock dinner to the bowling team of the Catholic Order of Foresters on May 14 and for a rummage sale of which Mrs. W. F. Schulze is chairman.

MISSING LOCAL BOY IS FOUND IN MINNEAPOLIS

Herbert Winslow, 13-year-old son of Mr. and Mrs. Earl Winslow, 231 E. Winnebago-st., who disappeared on Monday, was located Thursday morning when his parents received a postcard from the youth who is in Minneapolis. They boy asked his folks not to worry. Alarm was felt when the boy couldn't be located for two days. Police were asked to find him.

PLAN INSPECTION OF HIGHWAYS 54 AND 76

J. N. Hayes, engineer with the division state highway office at Green Bay, and Frank Appleton, Outagamie-co highway commissioner, will make an inspection trip on Highway 76 and 54 Friday. Sections of Highway 54 which are to be oiled this summer will be chosen. The men also will inspect a proposed improvement on Highway 76 about a half mile east of Bear Creek.

LOAN DIRECTORS TO MEET

There will be a meeting of directors of Appleton Building and Loan association at the offices of George Beecley, secretary on W. College ave at 7:30 next Thursday evening, it was announced Thursday morning.

Finance Directors Meet

Directors of the People's Loan and Finance company will meet at 7:30 Tuesday evening at the company offices on S. Appleton-st. Several loans are to be considered and regular business matters will be transacted.

Dr. and Mrs. C. A. Pardo, Jr., of Rogers Park, Chicago, are guests of Judge and Mrs. F. V. Heinemann.

READ PAPER ON FRENCH MUSIC TO MUSIC CLUB

Modern French Music was the title of a paper read by Mrs. Marie Boehm at the meeting of the Wednesday Musicale Wednesday afternoon at the home of Mrs. Fred Bentz, W. Fourth-st. Mrs. William Kolb gave current events and the program was opened with commun- y singing.

"This Call" was ill," Tony went on. "A frail sort of girl, Callie. Pretty pathetic, I gather. Rather decent of Dick to bother about her, I thought. Anyway, when she told him that the manager was getting more than a little nasty over her having to miss a day or two a week from work, Dick promised to speak to his father, and get him to use his influence to keep the manager from giving poor Callie the sack. Dick forgot all about it, and is afraid the poor kid is out of a job and scar- ed to death."

"She must have been pretty sure of getting fired if she gave Dick the grocery store telephone number," Crystal said casually.

Tony paused in the bathroom door. "Thinking things, Crys?" she challenged. "Can't say I blame you, knowing Dick as I do, but we might remember that the poor boy has been tagging me pretty faithfully for the last five months. And I imagine Dick has some humane instincts."

Almost for the first time since the two girls had become chums, three years ago at Zzardale College, there was constraint between them.

The trucks have completed rubber collection in the business districts, and are working in the residential sections toward the outlying parts of the city.

Persons living on those streets which have not been "covered" by the trucks are urged to gather up the rubbish on their premises and place it in a container in the street in front of their property. The containers and contents will be collected by the trucks as they go by.

SMART WRAP AROUND

THE STYLE in smart wrap around with tapering hip yoke but- around at side, lends diversity to skirt.

The diagonal closing bodice with sunburst effect is completed by a chic knotted bow-scarf. The slender sleeves have turn-down flared cuffs.

KIWANIANS LEARN HOW WANAMAKER BUILT HIS STORES

Rev. R. A. Garrison Describes Merchant Prince's Business Methods

John Wanamaker, merchant prince "a pioneer in big business," was discharged from his first job in a retail store because he had too many ideas, the Rev. Ralph A. Garrison, of Memorial Presbyterian church told Appleton Kiwanians at their noon luncheon Wednesday.

Besides being a pioneer in big business Mr. Wanamaker was a patriot and a religious and reform leader, the latter work resulting from his one time desire to become a clergyman.

Tracing the life of the great retailer from childhood to erection of his mammoth store buildings in New York and Philadelphia, Mr. Garrison said the only thing Wanamaker's boyhood friends remembered about him was the fact he was a sleepy youngster always taking cod liver oil.

Wanamaker's first job was with the Barclay-Lippencott company of Philadelphia and he lost it after a short time because he had too many ideas and his imagination was too great. It was Wanamaker who first wanted to have clothes on manikins in front of stores changed as the weather changed and who coined the expression, "seasonal goods at reasonable prices."

Leaving his first job, Wanamaker took another and in the course of three years went from errand boy to manager of a department. It was at this time that his health broke down and he seriously considered going into the ministry finally deciding that perhaps merchandising was the best place for him.

At the age of 23 he organized his own business, a clothing store and began making business principles that are still bywords in the merchandising world.

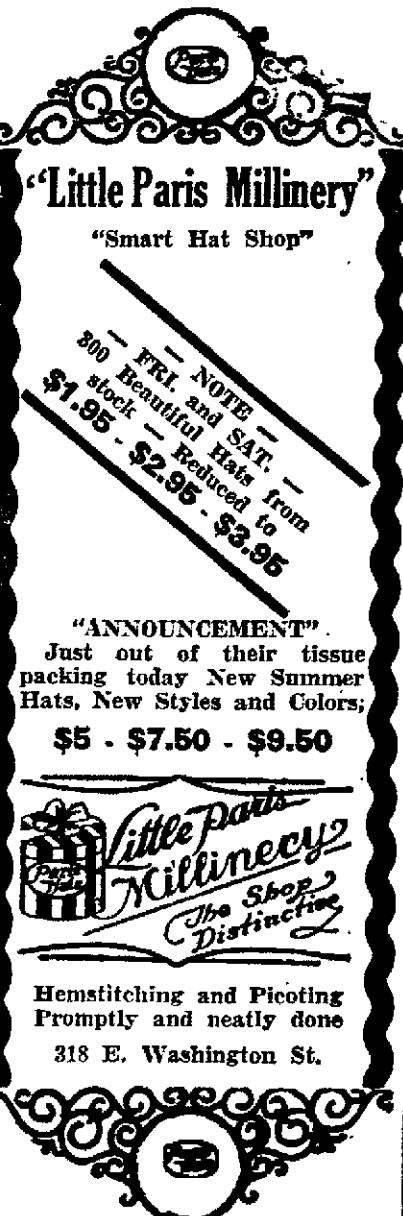

BELOVED IN QUALITY
It was Wanamaker's idea that the merchant should serve the community; that a full guarantee was a good will builder; that quality rather than price should hold his trade; that there should be one price to everyone and that money should be refunded when requested.

Mr. Wanamaker also was a great admirer of newspaper advertising, although he first experimented with all methods of advertising. In late years Wanamaker has been the greatest patron of newspaper advertising, his annual bills running up to millions of dollars.

At the age of 31 Wanamaker founded the first of the great stores he was to establish in Philadelphia. He catered to a better class of people and kept his store modern in every respect despite the fact people thought some of his ideas peculiar.

In 1907 and 1911 he built the two big store buildings which are monuments to him. The first was in Philadelphia, the second in New York. Wanamaker was one of the first business men to take personal interest in employees, inaugurating vacations with pay, half days off on Saturdays and health departments to look after help.

Wanamaker also found time to devote to political life and was postmaster general under President Harrison. Here he inaugurated the rural free delivery and saw it increase by leaps and bounds until now there are over 50,000 routes in the country.

SICK WOMAN FLIES 1,000 MILES TO GET SPECIALIST'S CARE

Seattle (AP) — Victorious in a thousand mile race with death, Mrs. Peter Kostomtinoff of Sitka, Alaska, critically ill from septicemia, was given a fair chance for recovery by her physician here today.

Mrs. Kostomtinoff was brought here by plane from Sitka yesterday after her husband had been told the only chance to save her life was to put her under the care of a specialist. The plane, piloted by Ansel Eckman and navigated by Robert E. Ellis, landed here 11 hours after the takeoff at 8:40 A. M.

Dr. Lester J. Palmer said Mrs. Kostomtinoff "arrived in excellent condition, far better than if she had made the trip by other means."

By boat, the only other means of transportation, the trip would have taken five days or longer.

POLICE ASKED TO WATCH FOR PAIR WANTED AT BAY

Police here have been asked to aid in the search for two men wanted at Green Bay. They are Orla McLean, 32, charged with non-support, and Orin Alexander, 22, charged with rape. McLean is about five feet, five inches tall, weighs 140 pounds, has brown eyes and black, curly hair. Alexander, who lives at 969 E. Locust St., Springfield, Mo., is five feet seven inches tall, weighs 140 pounds and has a dark complexion. He is a magazine salesman.

2 CHICAGO BOYS HELD HERE FOR QUESTIONING

Two Chicago boys, 17 and 18 years old, were held at the police station for questioning Wednesday night after they had been picked up by Officer Carl Radtke, who found them loitering on the street. They said nothing they had been to Green Bay and were on their way home. After investigating their stories the police sent them on their way to Chicago Thursday morning.

NEW LONDON FOLKS
START EARLY TO
BEAUTIFY HOMES

Home Owners Make Extensive Plans for Improving Their Properties

New London—With the start of spring much improvement is noted in gardens and on lawns throughout the city. On Wyman a new concrete driveway is being laid at the home of E. L. Router. The walk leading from the street to the house has been removed and resurfacing will take place. A new walk will run from the side drive to the front entrance. Another pleasing change will be the terrace built from along the front of the house. Here a retaining wall of stone will be flanked with a row of globular juniper trees and the terrace itself will be planted with petunias.

In the garden of Dr. and Mrs. J. W. Monsted, which gained well defined proportions last year a new plot of ground of considerable size will be added by the removal of a small utility shed, formerly situated on the north edge of the plot. New shrubbery will be added here and groups of perennials also will be planted. A fine lily pool made last year, forms the central motif, while old apple trees and well established perennials add much beauty to the place.

Dr. G. A. Ostermeier is beautifying the great hollow located east of his residence is adding a beauty spot to his portion of W. Springst. A natural spring flows into the hollow and the slopes of the ravine are being planted with shrubs and evergreens. The stream will be preserved and vines and tall shrubbery will be trained to cover the row of garages which are situated along the west side.

Plans for extensive landscaping have been made at the home of Mr. and Mrs. C. M. Tribby, W. Beacon-ave. The residence was recently finished and the trimming of the oaks was followed by an intensive working of the lawn.

New soil has been leveled and seeded, and the planting of various types of evergreens and shrubs will take place some time this week.

A new lawn is being made at the Fred Krause home, Beacon-ave.

New plantings have been made at the residence of Dr. F. J. Murphy. These consist largely of fine types of Douglas and Blue spruce. Mr. and Mrs. Harvey Steinberg are doing considerable work at their residence on Mill st. Reseeding, and the addition of shrubs will add much to the beauty of their home.

CHURCH SPONSORS
CHOIR CONCERT

Noted Welsh Singers Will Appear in New London on May 14

Special to Post-Crescent
New London—The Rhondda Welsh choir, a body of musicians whose talents are well known and whose coming here is sure to be an event of interest, is scheduled for an appearance at the Congregational church on May 14. The Congregational Ladies Aid society will sponsor the entertainment. Tickets were distributed to the four groups of the society at the meeting Wednesday afternoon at the home of Mrs. Carrie Hooper, Dickinson-st.

A rummage sale will be held in the building formerly occupied by the New London Press, on N. Water-st, on Friday and Saturday of this week. Mrs. Carl Linder is chairman of the committee and will be assisted by Mrs. A. M. Hutchinson, Mrs. William Vell and Mrs. J. W. Monsted. Mrs. Charles Abrams Mrs. E. L. Zaug, and Mrs. E. W. Wendland will act as a committee to collect materials offered for sale, and those having contributions are asked to communicate with them.

Special to Post-Crescent
Clintonville Will Spend \$3,000 for Parks During Coming Season

Special to Post-Crescent
Clintonville—At a recent meeting of the park commission, F. D. Hurley was elected president for the year and Mrs. Henry Borchardt, secretary. City Treasurer Robert Fischer, acts as treasurer.

The commission decided to work on a budget plan this year and has \$3,000 available for the coming year's work. This is three times the amount it has had to work with any previous year and is due to the fact that the commission had \$2,000 available from the city funds last year but spent only \$1,000, as in previous years. The council last year voted to place \$2,000 for park purposes in the annual city budget.

A free concert will be given at the Grand theatre on Sunday afternoon by the Clintonville Male chorus and Clintonville Community band. The event will open a program commemorating National Music week in this community during the week of May 5 to 11.

This concert will be the initial appearance of the Clintonville Male chorus which was recently organized with about 40 members. C. W. Thompson is president of the group, W. C. Kurtz, director and Mrs. Helen Devine is accompanist.

The Amity division of the Dorcas society, Congregational church met at the home of Mrs. J. B. Johnson on Eighth-st Tuesday afternoon.

The S. O. E. club will meet at the Masonic temple on Friday afternoon. Mrs. Elmer Lang and Mrs. Otto Arndt will be hostesses.

The Ladies' Aid society of the Bethany church was entertained at the home of Mrs. Alfred Rulsen on Wednesday afternoon. Mrs. Hiram Johannes was assistant hostess.

2 MEXICANS HELD FOR
SMUGGLING MUNITIONS

Kansas City—(AP)—Salvatore Eteca, who claims to be a Mexican capitalist, and Antonia G. Mequeo, his secretary, were arrested here last night by department of justice agents who said warrants had been issued in El Paso, Tex., charging them with shipping war materials to rebels in Mexico.

Upon his arrest, Eteca gave \$200.00 in currency and several diamonds to two American lawyers who were accompanying him to New York. No attempt was made to detain them or Eteca's wife and two children who were in the party.

Free Dance at Binghamton, Sat., May 4. Good music.

Clarence Fassbender, Prop.

CONDUCT SERVICES
FOR FREMONT WOMAN

Mrs. August Otto Buried at Frick Cemetery Tuesday Afternoon

Fremont—Funeral services were conducted for Mrs. August Otto, 45, by the Rev. A. E. Schneider at the home Tuesday afternoon. Burial was made at the Frick cemetery. Survivors are one son and one daughter, besides the widow.

Mrs. Fredricka Metzger, 65, died Tuesday evening at her home in Zittau, the cause of death being a paralytic stroke. Funeral services will be held Saturday afternoon.

Lawrence Schmidt, 16, son of Mr. and Mrs. George Schmidt, died Wednesday morning at his parent's home in the town of Wolf River. Pleurisy was the cause of death. Funeral services will be held Friday afternoon.

The May meeting of the St. Paul's Lutheran Ladies Aid society was held in the dining rooms of the church, Wednesday afternoon.

The local graded and junior high schools will be closed, Friday, when Fremont pupils participate in the annual state graded school contest at Big Falls.

A business meeting of Riverside camp, Royal Neighbors, will be held at the village hall, Friday evening.

Mrs. Alpheus Steiger entertained members of her bridge club, Monday evening. Three tables were in play and prizes were won by Mrs. E. G. Hammel, Mrs. H. A. Schulz and Mrs. E. A. Sader. Others present included Mrs. George H. Dobson, Mrs. N. H. Johnson, Mrs. Lark Lovejoy, Mrs. George Steiger, Mrs. A. M. Sader, Mrs. E. P. Sherburne, Mrs. H. E. Redemann, Miss Dorothy Lovejoy and Miss Addie Ostrander.

Mrs. E. G. Hammel will entertain the members of the Women's Improvement club next Tuesday evening.

The regular meeting of the Owego club was held Wednesday afternoon at the home of Mrs. Charles Hickory. Schafkopf was played Mrs. Anthony Joubert winning the prize for high score. Mrs. Chris Prahl receiving second and prize and Mrs. Charles Miley capturing consolation prize. Mrs. Joubert was a guest at this meeting.

CHURCH WOMEN ARRANGE PLANS FOR CARD PARTY

Bear Creek—The ladies of St. Mary congregation are arranging for a card party to be given at Forester hall Monday evening, May 6. Five hundred schafkopf and smear will be played. Prizes are to be awarded and a dance will follow.

William Lucia of the town of Bear Creek, T. E. Gough, George Dery and A. J. Bricco of the village were at Duck Creek Sunday where they attended the spring meeting of the Fox River Valley Catholic Order of Foresters.

Mr. and Mrs. C. M. Norder entertained the following guests at their home here Sunday: Mr. and Mrs. Paul Quimby and son, Miss Verona Bock, Mr. and Mrs. John Roman and son of Manawa, Mrs. P. J. Duneavy, Miss Beatrice Dunleavy and Clarence Dunleavy of the town of Lebanon and Mr. and Mrs. L. A. Mares and son of the town of Bear Creek.

A meeting of teachers of the rural schools in the towns of Maple Creek and Deer Creek was held at the local high school Monday evening April 29. Plans were discussed for Field day which will be held at the local high school Friday.

A card party will be held at the Elm Leaf school in the town of Bear Creek Thursday evening. Miss Katherine Bates of this village is the teacher in charge of the affair.

Mr. and Mrs. Ted Kemps entertained at a shower for Miss Elizabeth Heitpas, who will be married soon, at their home recently. Games and cards furnished entertainment for the evening. Those present were: Mr. and Mrs. William Mieke of Kaukauna, Mrs. Pete Smits Sr., Mr. and Mrs. Matt Weyenberg and son John, Mr. and Mrs. Henry Kildonan, Mr. and Mrs. Anton Heitpas and family, Miss Mae Schumacher, Mr. and Mrs. William Weyenberg and son, Miss Anna Raymaker of Green Bay, Miss Mayme Schumacher, Miss Mayme and Marie Van Dreef, Arnold Smits, Wilfred, Teenie, Jake and Lawrence Weyenberg, Rose, Clara, and Barney Mieke, and William Rasson of Appleton.

Music is to be furnished by "Ivy Lute and His Play Boys" one of Wisconsin's outstanding orchestras, a recording band, broadcasting over WBLB.

Harvey Sherman has been elected captain of the track team of the Seymour high school for this season. Those who have come out for track are: Roger Rusch, Ruben Abel, Clarence Brownson, Harvey Sherman, Willis Ness, Arthur Koeppe, Ivo Huettl, Robert Walk, Mackie Miller, Grover Werner, Ernest Melchert, Gustav Feurig, Fred Engle, Lowell Veitch and Ralph Rusch.

On Friday the members of the Parent Teachers association of Springbrook school, heard an address by A. G. Meating, county superintendent of school. Miss Marie Klein, county nurse, gave a health talk. The students of the school presented a demonstration of the music learned during the past school year. Miss Caryl Short, one of the rural school music supervisors, had charge of the demonstration.

The Ladies Auxiliary of the Congregational church have formed a Birthday club in their society. Mrs. Ed. Babbitt and Mrs. Gordon Haver will entertain the society on Friday, May 3, at the Gordon Haver home.

On Wednesday evening the 4 H club will meet at the John Canning home.

A great many of Seymour's good sportsmen started out on the opening day to see how many trout they could catch. Large numbers left for Mountain and Wahnes.

Perry Farrell of Chilton was fined \$500 and costs in justice court, by Charles F. Shepherd, justice of peace, for failing to stop at an arterial on April 30.

Mrs. George Libby has returned home after visiting her son Robert, and brother, Dr. Henry Huttler in Kansas City and Chicago.

James Dunbar has returned to his home at Helena, Montana, after spending the past week with his mother, Mrs. Mary Dunbar who is confined to her home with illness.

The Seymour high school band

members have purchased ties to wear with their uniforms. They are tied with the letters S H S in white.

The Senior class stage play ("O'Kay") will be given May 7 and 9.

41 HIGH SCHOOL STUDENTS LISTED ON HONOR COLUMN

Freshman Class Leads in Scholarship With 13 Members on Roll

Kaukauna—Forty-one high school students were placed on the honor roll for having a scholastic average of 90 or over for the past six weeks of school work. It was announced Wednesday by Principal Olin G. Dryer. The freshmen class placed 13 on the honor roll, the seniors 12, and the juniors and sophomores eight each.

Juniors who received special merits, with the number of subjects, are: Miss Alice Balje, 5, average 94; Miss Evelyn Gehrzbar, 4, average 93; Miss Gladys Heinke, 5, average 96; Miss Elizabeth Lenert, 5, average 92; and Sam Miller, 5, average 96. Those who had an average of 90 or over were Roland Bever, 5, average 91, and Robert Gregor, 4, average 90.

Sophomores who received special merits are Miss Quadine Beebe, 5, average 95; Miss Josephine Berens, average 93; Miss Margaret Kline, 5, average 92; Miss Corrine Mayer, 5, average 91; Miss Rosina Otto, 4, average 94; and Miss Alta Pahl, 5, average 93. Those having an average of 90 or over were Miss Marcella Heinz, 5, average 91, and Hermina Maes, 5, average 90.

Freshmen who received special merits are Richard Eshel, 4, average 92; Robert Mayer, 4, average 95; Miss Evelyn Miller, 4, average 92; Vernon Mullen, 4, average 90; Miss Helen Starke, 4, average 94; Miss Alexia Stommel, 5 average 93; and Miss Dorothy Trans, 4, average 92. Those who had an average of 90 or over were Miss Joy Doering, 4, average 90; Miss William Jansen, 4, average 91; Miss Mildred Landreman, 4, average 90; Miss Marion Lemke, 4, average 91; Gordon Ritzlaff, 4, average 91; and Miss Johanna Stenberg, 4, average 91.

Seniors who received special merits are Miss Edna Ester, 5, average 95; Miss Irene Landreman, 4, average 95; Gordon Nicholson, 4, average 95; and Miss Catherine Rodel, 5, average 95. Those who had an average of 90 or over were Miss Frances Elsworth, 5, average 92; Karl Farwell, 4, average 90; Miss Dorothy Goldin, 5, average 90; Peter Hanson, 4, average 91; Miss Anna Maes, 5, average 93; Miss Genieve Melchoir, 4, average 91; Miss Wynona Reilly, 4, average 90; and LeRoy Seifert, 4, average 92.

KAUKAUNA PASTORS AT CATHOLIC CONFERENCE

Kaukauna—Mrs. Frances Grogan, the Rev. P. J. Lochman and the Rev. C. Ripp attended the regional meeting of the Catholic Conference of Industrial Problems at Green Bay Tuesday and Wednesday. The conference was an open forum for the discussion of industrial problems in the light of Catholic teaching. Among the subjects discussed were wages, the organization of industry, unemployment, the extension of Catholic social influence and the church in relation to industry. Speakers included the Hon. John Coniff, W. Va., the Rev. J. W. Maguire, president of St. Viator College, Bourbans, Ill., Dr. A. J. Muench of St. Francis Seminary and Dr. John A. Lapp of Marquette University.

SCHOOL OFFICIALS TO ATTEND LEAGUE MEETING

Kaukauna—Superintendent of Schools J. F. Cavanaugh, Principal Olin G. Dryer, Roland Hintz and Coach Elmer Ott will attend a meeting of officials of the Northeastern Wisconsin Interscholastic League at Green Bay Thursday night at which a basketball schedule will be drawn up for next year. Final plans for the league track meet to be held at De Pere also will be made. The meeting will be held at Hotel Northland following a 6 o'clock dinner.

FOEGAN'S GARAGE NOW IS O. H. MOTOR FIRM

Kaukauna—Foegan's Garage on Wisconsin-ave, formerly owned by Casper Foegan, will be known as the O. H. Motor company. The garage was opened under the new name Wednesday by Oscar Olson and Oved Halstead. Mr. Olson is from Appleton and Mr. Halstead from Menasha. It will be a Studebaker garage and service station.

DR. HALLOCK DIRECTS WEEKLY DENTAL CLINIC

Kaukauna—Dr. E. C. Hallock will conduct the weekly dental clinic for school children in the municipal building from 1:15 to 4 o'clock Friday afternoon. Children of the Nicolet and St. Mary schools will be treated. Miss Ceil Flynn, city nurse, will be in charge.

OVERLOOKS ARTERIAL; MOTORIST FINED \$2

Kaukauna—George VanTuyl was fined \$2 Wednesday by Justice of Peace Nick Schwin. He was arrested for failing to stop at a city arterial.

The Post-Crescent's representative at Kaukauna is Lloyd Deras. His telephone number is 194-W. Business with The Post-Crescent may be transacted through Mr. Deras.

PART OF LAWE-ST CLOSED TO TRAFFIC

City Laying Storm Sewer in Vicinity of Railroad Tracks

Kaukauna—Lawe-st is closed to traffic from Seymour-st to the Chicago and Northwestern railroad switch tracks this week while a new storm sewer is being laid there. The old storm sewer caved in and is being replaced by 30 feet of new piping. A large piece of the concrete road has been removed and new concrete will be laid by the McCarthy Construction company.

The surface water along the railroad tracks will not flow into the storm sewer as the railroad company has furnished two culverts to take care of it. One new manhole is being put into the sewer to permit cleaning of the sewer. It was found that the sewer was almost closed by dirt.

Traffic is detoured west on Seymour-st to Desnoyer-st for a block when it is again connected to the highway just north of the switch tracks. Lawe-st will probably be opened to traffic next Monday.

PIGEON CLUB HOLDS ANOTHER TRIAL FLIGHT

Kaukauna—The third trial flight of pigeons of the Kaukauna Pigeon Club was held Tuesday from New London. Some of the members reported their doves made poor time on account of the bad weather. The last trial flight will be held next Sunday from Waupaca. Trial flights already were held from Appleton and Hortonville. The racing schedule for the summer will start on Sunday, May 17, from Waupaca.

YEARBOOK COPY GOES TO PRINTER WEDNESDAY

Kaukauna—The high school yearbook "Papyrus" went to press Wednesday. The printing is being done by the Castle Printers at Oshkosh. The material for the book was taken to Oshkosh by Miss Ethelyn Handran, faculty adviser, Roland Hintz, faculty business manager, and Miss Edna Ester, editor-in-chief. The books will be issued on Commencement day.

KAUKAUNA PERSONALS

Kaukauna—J. E. McKie of Oshkosh was a visitor in Kaukauna Tuesday and Wednesday.

Miss Edna Ester was a caller in Oshkosh Wednesday.

Miss Adelle Greenberg of Chicago is visiting local friends.

Mrs. James O'Connell visited at Oshkosh Wednesday.

Ervin Head of Stockbridge was a caller in Kaukauna Wednesday.

Roland Hintz was in Oshkosh on business Wednesday.

Miss Mabel Brandski of Green Bay motored to Kaukauna on Wednesday.

Mrs. Frances Grogan was a visitor in Green Bay Tuesday and Wednesday.

Construction of a final 700-mile stretch would extend the Pacific coast highway from Mexico to the Arctic circle.

"Look!" Adrian's Hot Band at 12 Cor., Sunday. A Vodvil Dance Band.

POSTOFFICE HANDLES OVER 2,000 CHICKS

Kaukauna—More than 2,000 baby chicks have been shipped to people living in Kaukauna and vicinity through the postoffice during the past few weeks. Employees of the postoffice must put up with the peeps almost daily.

High School Coach Tells About Intra Mural Program

INADEQUATE GYM
STUNTS GROWTH OF
"SPORTS FOR ALL"

Teams Now Forced to Use
Other Grounds and Build-
ings in City

BY J. R. SHIELDS
DURING the last three years in Appleton High School physical education has broadened a great deal. We have been stressing the slogan "A sport for everyone." Instead of the few on the varsity teams receiving all the benefits through sports we now have the majority of students actually competing among themselves. An extensive intra-mural program has been under way with gratifying results. Intra means within, mural means walls, then intra-mural athletics would be those which takes place within the walls of the school.

One of the biggest reasons for an intra-mural program is to take care of the student's leisure time. Before this form of athletics was undertaken the halls of the school were always filled with students who had nothing to do; others spent their time in pool halls, movies, walking the streets, and joy riding.

Another great reason for the development of an intra-mural program is the physical training of a great mass of students through vigorous, purposeful and meaningful athletic activities. If an athletic program does not look forward to the training of the many, it ceases to be a real program and the chances are that it really has some other objective in view, or none at all.

It would be very interesting indeed if we could witness the activities at our school any night after school during the spring. But it would be quite a job finding them.

Because the track men have to go over to the Lawrence field because we have no track; the tennis players are apt to be found on any one of the few courts around town, the girls will be using the two by four play spaces outside the school for track or soft ball; and the golfers will no doubt be at the new municipal course. With all the handicaps we have a busy and enthusiastic bunch around the high school in the spring.

A well organized intra mural program affords wonderful opportunities for leadership. Each team has its captain and student coach who has to organize and see a team is ready to play at a certain time. The practice develops responsibility, reliability, and dependability.

There is no doubt that an intra mural program is a feeder for varsity, but this motive is purely incidental; if it were the main motive the idea of the whole thing would lose the real objective of such a program.

Intra murals like other sports cost money to run however, the program here has been run on a minimum. If the intra mural program is of educational value, and gets to be an institution that must continue, then the school board should appropriate enough to carry the program through the whole year without scrimping.

For the intra mural programs, which have a more far reaching influence in the lives of students than the more highly organized and commercialized so-called major sport, to be dependent upon the interscholastic program for existence is fundamentally wrong.

A major sport for one may be a minor sport for another. A major sport is that sport which an individual chooses to follow because of his own interest and because of his own inclination. That sport which has a special appeal during a certain season and at a certain age is the individuals major sport. It may be football or swimming or bowling and maybe horse shoe pitching. This in the main is a hobby with most of the participants and I'm sure does not hinder or disrupt the regular course of study.

**JOE BERMAN READY
FOR COMEBACK FIGHT**
Hopes to Lift Feather
Crown from Andre Routis,
France

Los Angeles — (AP) — Joe Berman, the Chicago bantamweight who retired from the boxing game five years ago when he was at his best, is going to try a comeback at the age of 30. He hopes to bring the featherweight crown held by Andre Routis of France, back to America.

After some six weeks of training Berman Thursday declared himself to be in excellent condition and ready to embark upon his comeback campaign.

Berman fought the best in the bantamweight ranks before retiring. Among his opponents were Carl Tremaine, Bud Taylor, Joe Lynch, Kid Herman and "Dandy" Dicks Griffin.

Berman retired from the ring when he married the daughter of a wealthy Chicago department store owner. He has placed himself under the management of Tommy Walsh famous handler of boxers.

**EXPECT APPLETON BOY
TO SET NEW SHOT MARK**

An Appleton youngster, R. Pfister, now attending Campion is expected to set a new mark for the dashes and shot-put at the Marquette relays Saturday, according to word from school authorities. The local boy heaved the ball 46 feet 7 inches last week in a dual meet with Platteville the mark being considerably better than the Marquette mark for the year.

High School Coach

JOSEPH R. SHIELDS

MILWAUKEE BREWS OPEN HOME STAND WITH KERNS TODAY

DeWitt Lebourveau Returns
to Lineup After Long Ill-
ness

BY E. LEONARD ALMEN
Associated Press Staff Writer

MILWAUKEE — (AP) — The Mil-
waukee Brewers, holding un-
disputed possession of the
American association collar, opened
their home stand at Borchert field
Thursday against the Louisville Col-
onels.

No brass bands or cheering throngs greeted the Leiveau tribe as it returned from the first road trip of the season. A glance at the percentage column is a sufficient answer to the lack of homecoming festivities. Out of 12 games played, the Brewers have won but three and those were mainly free hitting, loosely played contests.

Allen Sotheron, making his debut as a manager in the double A loop, led the Colonels against the home team. For three members of the Kentucky club the game was a homecoming. Ivy Griffin and Ray Thompson are former Brewers and Tony Welzer, a pitcher, is a product of Milwaukee's sandlot league. Welzer was expected to be pitted against Rosy Ryan in the opening game.

Manager Jack Leiveau gave the Brewers a batting workout on Borchert field, Wednesday, and despite the present position of the club was inclined to be optimistic of the future.

While Leiveau was seeking the return of Win Ballou from Brooklyn as the first addition to the mound staff, Charley "No Hit" Robertson was reported to have come to terms with the Brewers and was picked to be ready for the opening game.

Dewitt "Evo" Lebourveau, called a sensation at the plate as well as in the field, was slated to appear in the Brewer lineup for the first time this season. The centerfielder was suffering from the mumps when the Brewers began the season at Indianapolis April 15 but has since recuperated. With the return of Lebourveau the Brewers hope to show the customers a strong battlefield. Maurie Badro who has been in charge of the center garden will probably be shifted to left field while either Lary Betancourt or Frank Luce will be duty in right field.

AWARD LETTERS TO ST. JOSEPH CAGERS

Parochial Youngsters Now
Turning Attention to Base-
ball

Eleven members of the St. Joseph junior high school basketball squad have been awarded letters for their efforts during the last season while five others received the small letter award.

The large "varsity" letter was awarded J. Rossmann, captain, C. Rossmann, Clifford Schwab, Paul Griesbach, J. Mollen, Carl Wetzel, Robert Steffen, Walter Klein, Max Gehrmann, manager, and C. Welles and G. Hecker.

The small awards went to L. Weber, M. Killoren, M. Jacobs, M. Hurley and K. Feuerstein, manager. Eight of the lettermen will return to school next fall and will form the foundation for the cage team.

Athletic activities at St. Joseph now are centered on baseball with two teams each from the seventh and eighth grades making the American league and two each from the ninth and tenth grades making the National loop. In the first game the eighth grade north team beat the eighth south team 12 to 7.

AURORA TRACK MAY BE OPENED THIS WEEK

Aurora, Ill. — (AP) — Aurora race track remained closed Thursday as striking horse owners and track officials continued in disagreement.

It was the second day the opening of the tracks' spring season had been postponed and the strikers persisted in their demands for a minimum purse of \$1,000 and a deduction by the track in favor of their organization, the Thoroughbred Horse Association, of one per cent from all first money from all events.

Chford R. Trimble, general manager of the track, promised the plant would be opened Friday or Saturday even if it was necessary to recruit entries from Louisville, Lexington and other race centers.

High School Coach

Year's Activity Shows Appleton High School Has Large Sports Program

EDITOR'S NOTE — Beginning Thursday the Post-Crescent will run a series of articles on the Sport Page, telling of intra-mural activities at Appleton high school. All articles have been prepared by high school coaches and teachers or by students. The first of the articles and a group of pictures appears today while others will be run later.

BY NORBERT BERG

EVERY year the inter class basketball tournament is looked forward to with great interest. Last year the class of '29 won the championship. Members of the team were; Jake Schaefer, Bill Tams, Wally Moore, Benny Rafoth, Mike Gochauer, George Popp.

This year the Juniors were undefeated. They won their first game from the seniors 28 to 17 and the sophomores were downed easily, 28 to 7. Usually the teams play each other twice to determine the supremacy. The junior team was composed of Al Breitnick, Harvey Reetz, Herbert Zimars, John Lonsdorf, Norbert Kneip, Bill Foote, and Forbes Gibb, and Horace Davis.

As an intra-mural sport inter class basketball ranks high. Basketball is a game which requires skill and technique, consequently only a few qualify for varsity competition.

From 15 to 20 boys from each class participate in this activity. Boys who have received their A's for varsity play are not eligible for inter class competition and are appointed by the physical director to coach the class teams.

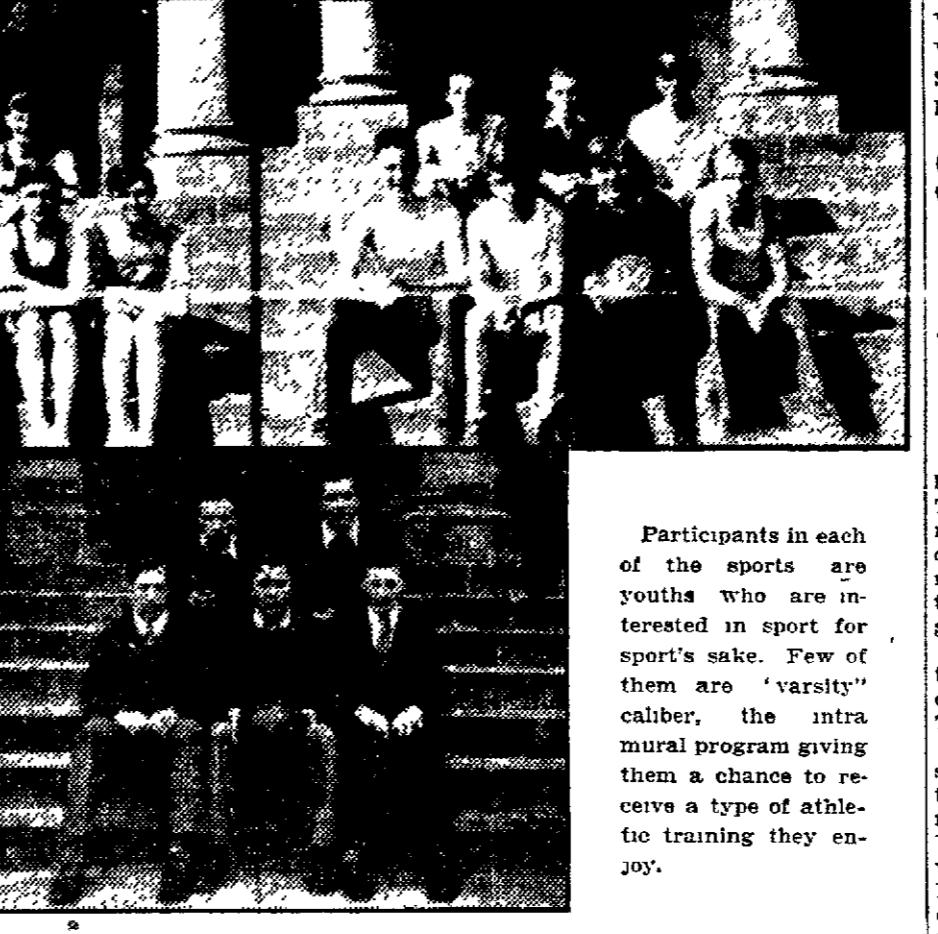

Games are refereed by students, a practice that teaches us to respect the authority of our fellow students as well as furnishing us clean, wholesome, supervised recreation in our spare time. The boys have much fun playing, but the gym is so small that it is inadequate.

HAVE SWIM TEAM

The annual inter class swimming meet was won by the seniors by the closest score of any meet in the last three years. The score was 30 to 29 and would almost make one think it was a dual meet for the Juniors although well represented were unable to grab a point. Captains were chosen to represent each class and

Here are three of the teams which took part in intra mural sports at Appleton high school during the last year. The junior class team which copped the cage title is in the upper left, the swimming team upper right and the home room champs below.

Participants in each of the sports are youths who are interested in sport for sport's sake. Few of them are "varsity" caliber, the intra mural program giving them a chance to receive a type of athletic training they enjoy.

It was their duty to get swimmers out for practice, place them in the events for which they were best suited and to train a relay team.

The meet stirred up considerable interest and the balcony at the Y. M. C. A. was crowded to capacity each class having a good share of roosters.

The sophomores have two very fine swimmers in Higgins, captain of the team, and Doberstein no doubt the fastest man in school. They also have two boys who know the spring board, in Carnes and Garber who placed first and second respectively. It wouldn't be a very difficult task to develop a fine swimming team if we had the facilities. The "Y" has been very fine in allowing us to use the pool each year for

this event but of course it is impossible to use it daily for practice to develop a varsity team. However a team has been picked from the winners of the meet and a dual meet scheduled with Kaukauna.

HOME ROOM BASKET BALL

In Appleton high school there are what are called Home Rooms, where every day students go to carry out different projects for example banking, collecting money for lycra course. There are twenty-five of these home rooms and every student in school is assigned to one so that every boy has a chance to play basketball if he desires. Some boy who already is known for his prowess in the sport is chosen to coach, captain and select his team. The tournament is an elimination affair consisting of

twelve teams in the upper bracket and thirteen in the lower, the winner in each bracket play for the championship.

Student officials are used to "work" the games, to handle boys and develop qualities of leadership and fairness. Each team averages about eight boys that makes about two hundred boys competing.

Home Room 301 with Bobby Kunz acting as Coach and playing captain won the undisputed crown by beating them all. They had good team work and a couple of sharp shooters. The following boys played on the winning team Bob Kunitz, Harvey Kranhold, Albert Kranzsch, Lawrence Kugler, Leslie Krabbe, and Clarence Kositke.

It was their duty to get swimmers out for practice, place them in the events for which they were best suited and to train a relay team.

Cubs' Eastern Trip Isn't Proving Very Successful

Bruins in Tie Game With
Reds; Macks Wallop Bos-
ton, 24 to 6

BY WILLIAM J. CHIPMAN
Associated Press Sports Writer

THE Cubs are on a great adventure — a quest through the east in an effort to prove that they really can win a ball game away from home. The Bruins of 1928 lost the pennant for two reasons: Their failure when away from Wrigley field and their inability to win from the Phillips in the late season, at home or abroad. In their eastern invasion at Baker bowl Thursday the men of McCarthy have an opportunity to begin piling up revenge on both old scores.

The last few days of the Cubs in intra-sectional warfare in the west were anything but pleasant for Prof. McCarthy. After taking two beatings in three days at Cincinnati, his charges closed their stay here Wednesday by fiddling through thirteen innings of baseball in a game eventually called with the score tied at

4 to 4 to permit the Cubs to start their trek eastward on schedule. The defense perked up, but the hitting was not there.

The Cubs seemed to have the game in hand by 4 to 2 over the regulation route until Red Lucas and Hughie Critch smacked doubles in the home ninth on either side of a hit batsman. Guy Bush walked the next batter on purpose and pulled out of the hole. The thirteenth saw him in difficulty again. Dixon led off with a double and reached third on a sacrifice. Two batters were passed on a intent, and Shaner and Allen fell down in the pinch.

The Cardinals and the Pirates also engaged in a 4 to 4 tie game over the thirteen inning route as rain swept out all National League competition in the east. Wrigley field and their inability to win from the Phillips in the late season, at home or abroad. In their eastern invasion at Baker bowl Thursday the men of McCarthy have an opportunity to begin piling up revenge on both old scores.

CALIFORNIA TO LET ACE, MICKEY FIGHT FOR TITLE

Bout Must Be Held in Western State or Illinois Before Sept. 30

Sacramento, Calif.—(AP)—Chairman William Hanlon of the California boxing commission has announced that Mickey Walker, middleweight boxing champion, may meet Ace Hudkins, Nebraska "wild cat", in a title match in California.

Hanlon telegraphed the Illinois boxing commission that he would accept the \$10,000 forfeit money posted by Jack Kearns, Walker's manager, as a guarantee that Walker would meet Hudkins for the crown either in Illinois or California before Sept. 30.

Kearns has been trying to have the forfeit sent to the California commission and the Illinois commission has expressed willingness to send it providing Kearns would live up to terms of the agreement.

"The California commission will protect the Illinois board in its arrangements with Jack Kearns," Hanlon said. "Kearns has informed me he will live up to the contract and will fight Walker against Hudkins in California in the near future. I have personal knowledge that Los Angeles is being favorably considered for the title go. Kearns will have to fulfill all parts of the Illinois contract in California or the money will be returned to that commission as a forfeit."

TELL OF U.S. PART IN REBEL SURRENDER

Officials Met Revolt Leaders and Later Arranged Conference

Washington—(AP)—The part American officials played in the surrender of Mexican rebel forces at Nogales, Sonora, is told in official dispatches to the state and war departments.

Maurice W. Altaffer, of Toledo, O., American consul at Nogales, Sonora, was instrumental in bringing the rebel generals remaining in Nogales to the point of making an offer of surrender.

Brigadier General Frank S. Cochran, commanding the American forces on that part of the border with the American collector of customs, and the local chief of the immigration service, met the rebel commanders at the international line and later called into the conference the Mexican consul at Nogales, Ariz. The surrender was then arranged.

Major General William Lassiter, commander of the corps area at San Antonio, in forwarding the report of the surrender to Secretary Good, said he considered the arrangement "an excellent solution for what might have developed into a dangerous border situation costing the lives of many people."

Consul Altaffer informed the state department that the terms of the agreement included the provision that the rebel troops would be given two months pay and food, and that the higher officers would be given safe conduct into the United States.

BOXING MEASURE IS ADVANCED IN HOUSE

Madison—(AP)—The Prescott bill to give greater regulatory powers to the state boxing commission has been advanced to engrossment by the assembly.

It cuts from three months to two the time over which a boxer may be suspended for "throwing" a bout or acting against the public policy in some other way and provides for such boxer or club promoting or engaging him to forfeit such portion of the purse for the bout as the commission may set, after a hearing on the charges. Annual licenses of clubs and corporations holding amateur boxing matches, ranging up to \$100 according to the population of the city in which they operate, are also provided and a \$35.00 prize limit is placed on the value of matches, medals, etc., given to such boxers.

The assembly also advanced to engrossment the Hanson bill for taxation of tobacco stored in the original package in commercial storage warehouses.

On the bill allowing increased pay for attorneys that are called in to aid district attorneys, the assembly refused to reconsider the vote by which it had non-concurred with the senate, thus killing the bill.

With a roll call of 62 and 20 unfavorable vote there were insufficient "ayes" to concur with the senate on a bill to impose a penalty for banks loaning money to their directors, officers or employees, despite the fact that there has been sufficient votes to reconsider the vote by which the assembly previously had refused to concur.

CANTON INDUSTRY MORE ACTIVE THIS YEAR

Canton, Ohio—About 2,000 more men are employed in Canton industrial plants this month than in April a year ago, a survey shows that employment in the large plants is steadily increasing. A \$10,000,000 expansion program is under way at the Timken Roller Bearing Co. The Central Alloy Steel Corporation is spending \$1,000,000 while the Hoover Suction Sweeper company at Borth Canton recently started two additions costing half a million dollars.

SEEKS DATA ON RURAL TEACHERS IN STATE

Madison—(AP)—John Callahan, state superintendent of public instruction, has sent to county superintendents of the state a request for the number of elementary school teachers in their counties, for preparation of the public school fund income. It is distributed on the basis of the number of such teachers and the real valuation of the districts.

When Vike Gridders Hold Spring Practice

SCOUT BUGLE CORPS TO REHEARSE TONIGHT

The valley council drum and bugle corps will meet in Appleton high school gymnasium for the regular weekly rehearsal Thursday evening. John Paul Jones of Lawrence college band will instruct buglers and Robert Schneider will be in charge of drummers. They will be assisted by Howard Kramer, also of the college band.

LAND O' LAKES CLUB ELECTS OFFICERS

Holds Reorganization Meeting at Eagle River—Program Is Mapped

Eagle River — (AP) — Representatives of northeastern Wisconsin counties met here Wednesday afternoon and reorganized the Land o' Lakes of Wisconsin association, an organization which promotes the northern part of the state as a summer playground for visitors to Wisconsin.

A. McDonald, Three Lakes, state potato inspector, was elected president; Judge Frank Carter, Eagle River, vice president; Abel St. Louis Phelps, treasurer, and Richard Menefee, Eagle River, was appointed secretary.

The directors are Assemblyman Charles Lacy, Mercer; John Vandover, Sayner; L. A. Leadbetter, Rhinelander; W. E. Schweizer, Cranberry, and the newly elected officers.

Resort owners, county officials and officers of conservation organizations also met here Wednesday and adopted a series of recommendations which they will present to six members of the state conservation commission and the field managers who will come here for a meeting May 10. Among the speakers were W. L. Richmond, in charge of the conservation work for the western district of New York state, and Assemblyman Lacy.

The following were among the recommendations drawn up:

That the state conservation commission not be given full power to open or close the fish and game season in Wisconsin; that prisoners, instead of being sent to prison farms, do the work of planting for Wisconsin; that game wardens quit wearing uniforms; that the state have a closed season for bear and deer; that the state plant fingerlings instead of fry.

BENTAL CLINIC AT LINCOLN SCHOOL IS CLOSED FOR SUMMER

General Improvement in Condition of Children's Teeth Noted

The curtains are drawn the big white chairs covered with dust, and the key, turned in the lock. The retreat at the west end of Lincoln school familiarly known as the dental office is closed for another year, and the school children can complacently fold their hands and cherish their bad teeth for another six months.

However, in the opinion of the 139 patients treated this year, it wasn't half bad. With a little psychology and a few kind words "tough" cases were handled with the minimum amount of groans and pains, and in some instances the victims were ready to come back for more. The psychology came in first, familiarizing the child patient with the dental chair by subjecting him to a prophylactic treatment at the hands of Miss Elizabeth Pfeil, and then slipping him into the dentist's chair before he had time to become afraid of the murderous-looking instruments and whirling drills.

According to Miss Mary Orbison school nurse, much progress has been made since the beginning in 1925 of the free dental clinic, which is supported by the local Kiwanis club. The number of patients treated this year was 10 less than last, and the difference between the number of cases this year and the first year is even greater all of which shows general improvement in school children's teeth.

EXTRACTIONS ARE FEWER

The number of extractions this year was 105, as compared to 162 last year, and the number of amalgam fillings 128 as against 160 in 1927-28. Last year 88 cement fillings were put in, this year 105; porcelain fillings last year numbered 14, and only nine this year. Last year 78 sets of teeth were cleaned, and the number this year was 119. The cost of work this year on the basis of the expense of having a family dentist do the work, was \$761, as against \$806 last year.

A number of the patients who returned to the clinic this year needed nothing more than cleaning, and many children did not have to return because they had learned, through the program of education in connection with the dental clinic, to keep their teeth clean and eat foods which build strong teeth. In instances where a dental clinic case could not afford a toothbrush, brushes were furnished at the clinic.

In the fall the teeth of all school children were examined, and written notices sent to the parents. A child was treated at the free dental clinic when the written notice was returned by the parent, giving his permission to have his son or daughter taken care of at the clinic.

"The One Absolutely Unselfish Friend"

"The one absolutely unselfish friend a man may have in this selfish world, the one that never deserts him, the one that never proves ungrateful or treacherous, is the dog."

"A man's dog stands by him in prosperity and poverty, in health and in sickness. He will sleep on the cold ground when the wintry winds blow and the snow drives fiercely, if only he may be near his master's side. He will kiss the hand that has no food to offer; he will lick the wounds and sores that come in encounters with the roughness of the world. He guards the sleep of his pauper master as if he were a prince."

"When the last scene of all comes and death takes his master in its embrace and his body is laid away in the cold ground, no matter if all other friends pursue their way there by his grave will the noble dog be found, his head between his paws and his eyes sad, but open in alert watchfulness, faithful and true even to death."

—U. S. Senator Vest of Missouri.

The City of Appleton has passed an ordinance, under which it shall be the duty of the Municipal pound master to catch, take and impound every dog, whether licensed or not, found or known to be running at large within the City of Appleton during the months of May, June, July and August.

In other words, by this ordinance every dog must be tied up or fenced in on the owner's premises. If the dog is not reclaimed by the owner the dog catcher must kill the dog and for this he receives from the General Fund of the City of Appleton two dollars for each dog killed.

This ordinance seems to me unreasonable and unnecessary and cruel in its provisions. The friends of the dog should organize and ask for its repeal. All who agree with me, please sign the annexed application for a membership in this association and mail it to me immediately and as soon as sufficient applications have been received I will call a meeting for the purpose of electing officers of such organization.

Please Sign This Application and Send to Me

Albert H. Krugmeier: I hereby make application to join an association to be organized for the purpose of asking for the repeal of the dog ordinance of the City of Appleton.

WATCH PRODUCTION FOR FARM RELIEF

U. W. INVITES MOTHERS FOR WEEKEND PROGRAM

Thus Does J. F. Wojtz, County Agent Leader, Advise Farmers

Madison — (AP) — The state university has sent seven thousand invitations to mothers of students to attend the celebration of one week end devoted to their special interests, starting May 24.

The usual "senior swingout," and "drama" reception by President Glenn Frank (this time held in the new Memorial Union) a special dinner for mothers, followed by a program, and a girls' field day at the stadium coincident to the state inter-scholastic track and field meet, are parts of the program. Much of the state agricultural college extension department here.

His farm relief ideas were incorporated in an article on county agents written for the Agricultural Leaders Digest, a publication purporting to issue a "blue book of agriculture."

The item said county agents' services have never been sought more by farmers than today. "Rapid

changes in land values, cost of production, keen competition, and changing markets in related economic and social problems, have brought about the need among farmers for sound farm practice. To meet this need, it is necessary to secure information, to employ approved methods and apply them successfully to practices on the farm."

"Those who have had to do with operating the farm seek relief, by

program, outside of the inspection of classes in which their sons and daughters are students will be par-

icipated in by the mothers on the grassy slopes of the lake shore and on terraces overlooking the lake.

RADIO STATION SILENT UNDER FEDERAL ORDER

Kansas City — (AP) — Radio Station WHB of Kansas City, one of the pioneer broadcasting stations of the middle west, has quit the air under protest following receipt of word from the Federal Radio commission that its license had not been renewed.

Emory J. Sweeney, owner of an automobile school that has operated the station, ordered broadcasting stopped on being unofficially advised that persons using the air without a license would be liable to prosecution. He announced he was attempting to obtain a hearing before the commission on the order closing the station.

The radio commission refused to renew the WHB license on the ground that it had been transferred without authorization. Sweeney declared the school company still had title to the station, despite a foreclosure action on a mortgage.

Advices from Washington said that stations KMBC and KLDS, Independence, Mo., which heretofore have shared time with WHB, probably would be allowed full time on the 550 kilocycle channel.

2,000 RAIL WORKERS RECEIVE WAGE BOOST

Salt Lake City — (AP) — A wage increase of from 3 to 5 cents per hour for approximately 2,000 employees of the Denver and Rio Grande Western railroad has been announced by L. M. Griffiths, general chairman of the Association of Mechanical crafts, helpers and apprentices. The increase will be retroactive to April 1. Mechanics will receive an increase of 5 cents an hour, unskilled mechanics 4 cents and helpers 3 cents.

FORMER MARINE GETS COMPENSATION AWARD

San Francisco — (AP) — The government must pay Horace Crowder, 23, \$7,095.50 as compensation for sleeping sickness contracted by him nearly a decade ago while a United States marine in Galveston, Texas, a federal jury decided yesterday.

Dance at 12 Cols. every Sunday.

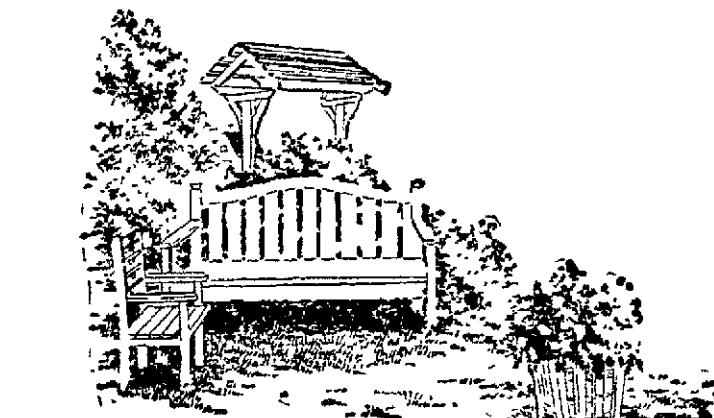

Why its wonderful flavor has won world-wide approval

★ ★ ★
1—"Canada Dry" is made from high-quality Jamaica ginger and through our exclusive extraction process retains all the flavor and aroma of the ginger root.
2—"Canada Dry" is made from absolutely pure ingredients, blended and balanced in exact proportions. A secret process of carbonation enables it to retain its sparkle long after the bottle is opened.
3—"Canada Dry" is tested daily under laboratory methods to assure its purity. Leading hospitals prescribe it. Here is a better, purer ginger ale.

SERVED in Paris and New York . . . served in London and the Houses of Parliament at Ottawa . . . "Canada Dry" is the aristocrat of beverages. Mellow as the manners of a diplomat . . . sparkling as the wit at a state dinner . . . refreshing as the beauty of the women gathered there . . . "dry" as a rare old wine . . . and gay as the conversation of a drawing-room.

Lawn Furniture Is Inexpensive

Add to the comfort and value of your home place with pergolas, lawn furniture and other little touches that are not expensive. These touches often make your home stand out above the rest. You have spent time in developing a nice lawn or garden—finish the job by adding a trellis, a seat, an ornamental flower box, a fence or pergola. These additions cost but little.

We have a number of designs that are easy to make, and will be glad to have you use them as a guide. You will be surprised how such inexpensive improvements will add to your home.

RADIO BOARD IS ABOUT TO REGAIN FORMER COMPOSURE

Senate Confirmation of Two
New Appointments Ex-
pected This Week

BY ROBERT MACK

(Copyright, 1929, by Comm. Press)
Washington — After three lean months of radio administration the federal radio commission is about to regain its regulatory composure by acquiring the long awaited presidential appointees to fill the two vacant commissionerships that have so long greatly impeded its work.

Confirmation by the Senate of William D. L. Starbuck and Major General Charles McK Saltzman is expected this week. Mr. Starbuck's appointment as commissioner for the eastern zone has already been given a clean bill of health while only a technicality based on an evident understanding blocks the confirmation of General Saltzman, appointed for the middle western zone.

The senate interstate commerce committee, after a brief inquiry reported favorably on Mr. Starbuck's nomination. It withheld favorable action on General Saltzman until he disposes of approximately 100 shades of stock each in the General Electric company and the American Telegraph and Telephone company. He was unaware that the law prohibits the ownership of any communications stock by a radio commissioner, he told the committee, and asked to be permitted to dispose of it.

Mr. Starbuck said that he has an "open mind on radio." He disclaimed any intimate knowledge of the current problems of radio administration, and avoided expressing any opinion on them. Replying to Senator Dill of Washington, the radio leader, he said he could think of no reason at present why the controversies involving radio stations should not be fought in the open before the commission rather than behind closed doors.

Since last February the commission has been without its full personnel.

Aside from the vacancies on the commission proper, the engineering and legal divisions of the commissions have felt the pinch of inadequate personnel by resignations, shifts and death. The latest loss was in the death of Donald D. Hughes of Ohio, assistant general counsel. He had the difficult task of drafting most of the commission's opinions in radio cases that are being used in writing basic radio law. Next month the commission will lose the services of its acting chief engineer, Capt. Guy Hill, recalled to the army signal corps. The post of chief engineer, Dr. J. H. Delling, has not been filled since the doctor's resignation. Commander T. A. M. Craven's post of communications engineer has not been filled since his recall to the navy.

SPAIN SEEKS AID OF
U. W. ROTARY CLUBS

A letter entreating the Rotary clubs of the world to take up arms on behalf of Spain has been received by the Appleton Rotary club from the president of the club at De Bilbao, Spain. The writer states that Spain is the constant victim of a campaign of libelling which diminishes her prestige before foreign countries, and that incidents of national life, which passed quite unnoticed in the street, have ultimately been the pretext for disgraced events. In view of this condition, the De Bilbao Rotary club is asking the cooperation of all other Rotary clubs in presenting Spain in its true light.

"Slenderizing" Now Is Serious Health Problem

Madison — "Slenderizing" is a new name for one of the nation's serious health problems. It results in a process of starving the body. Underweight in early life causes an increased mortality from tuberculosis, declares a medical report just out. It hints that "slenderizing" may be the reason for a large number of deaths among girls compared with boys of the same age.

"Slenderizing is just a fad," declares the educational committee of the Wisconsin State Medical Society in a bulletin issued today. It adds that this new word that has not yet found its way into the medical dictionaries may ultimately be rated as one of the more common causes of death among girls.

"Slenderizing for ill health, or slenderizing for health is a choice that must be considered when loss of weight is desired," declares the bulletin. "Many things are to be weighed beside pounds of flesh. The general condition of one's health, presence of overweight measured according to accepted weight standards and not one's desire, age and the method of reduction followed, are all factors to be considered.

If you desire to slenderize, first have a thorough physical examina-

tion by your family physician and let him decide as to the necessity or desirability for so doing. If he approves, then have him recommend a method of reducing to suit your particular needs.

"In order to maintain health, nutrition and normal growth, and by growth is meant not mere increase in bulk, but growth and replacement of living cells, there must be taken into the body food that contains the proper elements and in sufficient amounts. Any diet that is unsuited for the promotion of growth in the young will not be satisfactory for the maintenance of health in the adult.

"Diet needs wise control and supervision. Remember that habit is a large factor and judgment must be developed that will dictate how much to eat. We consume energy in the form of food, and we expend it in the form of activity or heat; therefore, a balance is maintained by proper selections and amounts of food. These should be taken with regularity and should contain meats, fish eggs, beans and peas for repair, fat sugars and starches for heat, greens and vegetables for mineral salts. Some foods contain minerals, also vital elements called vita-

mins, that are essential to health at all ages. These are present in varying quantities and are necessary for growth and maintenance of the body's need and consume considerably greater amount of vigor and efficiency.

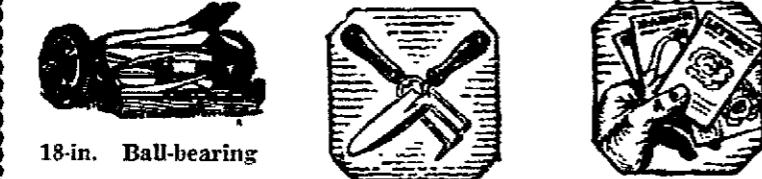

Children, adolescents and old people do not stand weight reduction of the undernourished. The entire body is affected. Youthful characteristics quickly disappear: signs of age, such as thinning of the hair, with changes in its texture as also in the skin, an upset nervous system, loss of efficiency, lessened resistance to infection, etc.

One little realizes the full effect of the undernourishment. The entire body is affected. Youthful characteristics quickly disappear: signs of age, such as thinning of the hair, with changes in its texture as also in the skin, an upset nervous system, loss of efficiency, lessened resistance to infection, etc.

No Dance at Darboy this week. Next dance Thursday, May 9.

A Frenchman was ordered to pay \$7 for breaking down the door of a compartment in which he had been locked by accident. He fought the two years and finally saved his money. The suit cost him a great deal more.

When you first used tires, remember how different the treads were from those of today? EXCEPT WITH GOODYEAR! Because Goodyear — in the famous All-Weather — selected the best tread at the start—a generation ago! Others have since tried to equal it—have changed from year to year! But no use! They can't design another tread like it! Why is the All-Weather so superior a tread? Well, first, to give you STOPPING AND STARTING TRACTION it has those sharp-edged diamonds down the center to grip instead of slick 'sled-runner' ribs to slip on. Second, to give you CURVE TRACTION, it has those same All-Weather diamonds studding the edges. Third, to give you RUT TRACTION, it has those All-Weather diamonds extending far up both sidewalls. Come in and have these superiorities PROVED to you. It costs no more to protect your safety with Goodyear All-Weather Treads—which experienced drivers agree is "the only REAL non-skid tread."

We guarantee every Goodyear pneumatic tire against defects for its entire life

RAIL MANAGERS ARE DISCOURAGED OVER MERGER OBSTACLES

Consolidation Failures Keeping Down Railroad Securities

BY CHARLES F. SPEARE
Copyright, 1929, By Cons. Press
Wall Street, New York—Financial Review and Outlook—The surprising feature of the application of the Wabash railroad to be filed with the Interstate Commerce Commission for merger with the Western Maryland, and presumably with the so-called Taplin roads, is the support claimed for it from the Pennsylvania railroad management.

This has confused the entire eastern railroad situation. It was Wednesday the subject of animated discussion among railroad men and bankers for the trunk line systems. So far the Pennsylvania has not declared its position in this newest development but it may be stated confidently that the claims that have been made that the Pennsylvania has officially shown a friendliness toward the Wabash proposal have no foundation in fact. Furthermore the Pennsylvania is not likely to mix in with any such scheme.

It was the Pennsylvania railroad that eventually put a quietus on the scheme of L. F. Looe for a fifth system between Tidewater and the Mississippi and in which the Wabash then controlled by Looe and the Lehigh Valley, were to be integral parts, together with the Delaware and Hudson. Steady opposition to this plan came from the Interstate commerce commission, which, one by one, denied the various applications of Mr. Looe to build a new line into Pittsburgh and to lease the Buffalo, Rochester and Pittsburgh, which was later bought by the Van Sweringens and then sold to the Baltimore and Ohio.

FAVOR FOUR SYSTEMS
It is understood that in the tentative plan of railroad alignment in the east which has been prepared by Commissioner Porter of the interstate commerce commission, only 4 major systems are recommended, the same number as in the original plan drawn up some years ago. The Interstate commerce commission has shown marked partiality to the various Taplin schemes at the same time that it has indicated its objection to the different plans proposed by other eastern lines and especially to the manner in which the Western Maryland and the Wheeling and Lake Erie were acquired and held by the big three. Its attitude, however, is not regarded as assurance that it will look with favor on the projection of the fifth system in the eastern territory when all of the previous set-ups have been based on only four systems.

Holders of railroad securities, as well as railroad managers, are becoming increasingly discouraged over the constant blocking of all of the plans proposed for railroad consolidation. While the main philosophy of the industrialists is toward centralization, and thereby stabilization not only of prices but of production, there is a lack of strong government support of the railroad consolidation idea. This obviously affects the attitude of the public toward railroad securities which is at present chilled to such a degree that railroad stocks stand still, while the shares of scores of industrial companies are booming. The industrial stock average Wednesday touched the highest figure in its history.

ADVOCATES USE OF CORN FERTILIZER

State Specialist Points Out
Need for Commercial
Growing Aid

Five good reasons for using commercial fertilizer on corn have been advanced by C. J. Chapman, soils specialist at the state university to Gus Gell, county agent.

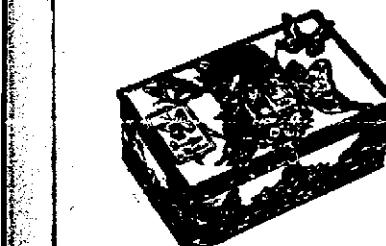

It seems that small applications of the fertilizer start the crop off quickly, get it ahead of the weeds, advance maturity, improve quality, and increase yields.

Commercial fertilizers cannot be applied in sufficient amounts to furnish enough of the necessary elements to produce a crop of corn, but

Husband Confesses Murder

NEA

Earl F. Peacock, center, 21-year-old radio repairman, confessed to strangling to death his estranged wife in New York on the first anniversary of their marriage and then hiding her body and burning it with kerosene in a woods near Greenburg, N. Y. Peacock is shown above in the custody of Police Lieut. Herman Mattes, right, and Captain Silverstein after admitting the "torch murder."

An application of 100 to 200 pounds of fertilizer per acre has proved to be a profitable investment on Wisconsin farms. It furnishes available food for the young growing plant just at the time it needs it most, and yields are often increased, especially because corn got a good, early start.

The applying of the fertilizer is more important than is commonly thought, said the university specialist. The seeds should never come in direct contact with the fertilizer. It is best that the fertilizer be delivered in a space about two inches

wide and six inches long above the seeds.

As would be expected, different types of soils require different mixtures of fertilizers. Chapman recommended super-phosphate for loose prairie silt loam; a mixture of 4-16-4 or 2-16-2 for light clay; a mixture of 0-14-14, 0-20-20, or 3-12-12 for sandy soils; and an 0-8-24 or 0-9-27 for the mucks or peats.

A judge of a Connecticut town decided the police force was overweight. He leads them in daily reducing exercises.

INDISPOSED

THE knowing woman no longer submits meekly to regular, systemic suffering. This kind of pain is just as readily relieved as the occasional headache, or twinge of neuralgia, or other aches or pains for which the world takes Bayer Aspirin. Try it for the days you dread and your gratitude will know no bounds. For these tablets are marvelously effective at such times, as nearly every business or professional woman has discovered. And physicians have declared there is no harm in their free use, for genuine Bayer Aspirin does not depress the heart or upset the stomach. Any drugstore.

**ONLY 12 G. A. R.
VETERANS REMAIN
IN APPLETON POST**
But 820 Members of Civil
War Organization Survive
in Wisconsin

Of the 820 surviving members of the Wisconsin Grand Army of the Republic, 12 are located in Appleton, according to the figures given in the annual report of Adj't Gen. E. B. Helmstreet, Lake Mills. The organization has been reduced from 264 posts with a total membership of 13,987, to 212 posts with 820 members. Of the remaining posts, 14 have only one surviving member, 15 have two, and 15 have but four members each.

The Milwaukee posts have the largest number surviving. The E. B. Wolcott post there has 63, and the George C. Drake post 48. Membership of the other posts is given as follows: Madison, 36; Eau Claire, 21; Fond du Lac, 20; Baraboo, 20; Jefferson, 19; Janesville, 18; Green Bay, 18; Oshkosh, 18; LaCrosse, 17; Beloit, 17; Racine, 16; Waukesha, 14; Wisconsin Veterans' home, Waupaca, 14; Superior, 13; Lancaster, 12; De Pere, 12; Appleton, 12; Sheboygan, 10; Chippewa Falls, 9; and Berlin, 9.

The average age of the members of the G. A. R. is now 85, Adj't Gen. Helmstreet reports, and there are none under 80. Two centenarians are on the roster, August Rosanowsky, 101, Chippewa Falls, and Ferdinand Gaudrey, Milwaukee, 100.

The advancing age of the members of the posts has been responsible for but three changes in the procedure of the organization, Mr. Helmstreet says. They include riding in automobiles instead of walking in parades, leaving younger veterans' organizations in charge of Memorial day preparations and decorating veterans' graves, and the introduction of women secretaries representing the W. R. C. allied organizations at G. A. R. post meetings. Most of the Civil war veterans find it difficult to hear and follow closely enough and write with sufficient ease to keep the minutes.

The management of Clashing memorial park at Delafield is one of the major activities of the G. A. R. at present. Patriotic ceremonies are planned there on June 2 this year. George H. Pounder, Fort Atkinson, state commander of the G. A. R. and H. W. Rood, Milton, are serving on the board of trustees of the Wisconsin Veterans' home. Mr. Rood is president of the board.

A short history of the veterans' organization is given by Mr. Helmstreet in his report. The John H. Williams post of Berlin is the oldest in America at present, he says, and it has not missed a meeting since organized, Sept. 6, 1865.

The Wisconsin delegation was the second state in America to organize, marches second in the parade at national conventions. The Wisconsin department was formed in June, 1865, with the Cassia Fairchild post of Madison, the first post. This was later reorganized as the C. C. Washburn post and is now the Lulus Fairchild post.

"This book is getting thinner each year, but we will keep it up as long as there are comrades left to respond to roll call," said Mr. Helmstreet.

"The story often gets out," he continues in his report, "that the annual encampment is the last that will be held. Most of the comrades resent these reports deeply, as there is little sentiment within our ranks to do away with either the state or national encampment."

The department of Wisconsin Grand Army of the Republic will never consent to any change in its membership, or open its doors to any but soldiers of the Civil war, and when the last comrade dies it will cease to exist. The G. A. R. has filled its place grandly and history will take care of its perpetuation."

**PASTORS NIECE WILL
RETURN HERE IN FALL**

Mrs. Evelyn Linley, niece of the Rev. H. S. Gately, rector of All Saints' Episcopal church, will return to America from Peking, China, next fall. She will leave Peking, where she has been connected with the Settee Rug company, on June 1, and will spend the summer in England before returning to this country. Miss Linley, who will come directly to Appleton upon her return, left this city in 1926 for a trip to Australia.

**WANTED
50 Thousand
Skinny Men**

To Put on at Least 5 Pounds
of Solid Flesh in 30 Days

Countless thousands of under-weight men and women have got rid of that scrawny face and figure by a simple easy treatment that is sure and inexpensive.

Hollows in neck and chest fill out and narrow sunken chested men begin to take on a decided manliness in just a few weeks.

The one great scientific weight producer that people who need more flesh can depend upon is McCoy's Tablets and besides helping you to develop an attractive figure these sugar coated tablets bring to those that take them more energy, strength and vigor — they have proven a superb tonic.

McCoy takes all the risks — Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health — your druggist is authorized to return your money.

Ask at Schlitz Bros. or any drug store for McCoy's Tablets. Marketed by McCoy's Laboratories. Also distributors of McCoy's Cod Liver Oil.

**FOUR LOCAL BOYS
ENROLL FOR CAMP
AT BOULDER LAKE**

**State Y. M. C. A. Making
Extensive Plans for Com-
ing Season**

Four local boys are among the 139 from throughout the country who have registered for Camp Manitowish, state Y. M. C. A. camp at Boulder Lake, for the coming camp season which will open on June 26, according to C. C. Bailey, boys' work secretary.

Camp Manitowish is owned and operated by the State Association of the Young Men's Christian associations of Wisconsin and is under the direction of W. H. Hones, state boys' work secretary. Mr. Wones has served as camp superintendent since the establishment of the camp in 1919 and has had 30 years experience in Y. M. C. A. camps.

It is located on Boulder Lake in Vilas county and is in the midst of the large tract of land designated by the state as Northern Lakes park which the state desired to preserve for future generations. The state game preserve and forestry headquarters are not far from camp.

Within a radius of 25 miles of the camp are literally more than a thousand lakes, rivers and small streams. It is only a mile from Boulder Junction, northern terminus of the Wisconsin division of the Chicago, Milwaukee, St. Paul and Pacific railroad, five miles from federal highway 51 and 21 miles from Woodruff on the Chicago and Northwestern line.

There will be four periods of two weeks each conducted next summer. Boys will be enrolled for two, four, six and eight weeks, as desired.

BOY MUST BE 12

The camp is open to any boy 12 years of age and over. Applications of boys under 12 years of age are declined. Boys from cities of counties

having a local Y. M. C. A. must have their applications approved by a local association official. Applications, blanks and camp literature is available here at the offices of Mr. Bailey in the local association building.

Great precaution is taken to avoid accidents and to safeguard the life and general welfare of campers. Swimming is allowed only at specified times and places under constant supervision. There is a sandy beach with gradual increase in the depth of water. Life guards are on duty during regular swimming periods. Boys are given special instruction in the use and care of row boats. Canoes can be used only by those who pass special tests.

Dr. R. W. Jones of Wausau, and Dr. C. A. Richards of Rhinelander

er, member of the state board of health, are advisory camp physicians. Every boy is given a physical examination and health talks are given daily. The drinking water is analyzed every year by the state board of health.

Assistant Mr. Wones is a corps of men known as activity directors and cabin guides. Among them are the following: Elmer Ott, coach of Kaukauna high school; Kurt Fox, boy's work secretary of the Janesville association; E. H. Gibson, coach of Janesville high school; E. A. Marcell, science teacher in Kenosha vocational school; J. W. Moell, teacher in Dodgeville high school; Dick McEuen, University of Illinois; Tom Rodhouse, University of Missouri; Charles Barnes and Roy Babcock,

Jr., of Lawrence college, and Luge Gage of Marquette, are other guides who have been in camp in previous seasons and will be back again for the 1929 season.

**FRISCO UTILITY BUYS
BIG GENERATING UNITS**

San Francisco — The Pacific Gas & Electric company has placed an order for two 7,000 horsepower steam electric generating units at a cost of \$1,500,000 as a step in raising the output of the San Francisco plant from 85,000 to 300,000 horsepower. The expansion program calls for expenditure of about \$11,000,000 over five years.

**"KONJOLA MADE
ME FEEL LIKE
A NEW PERSON"**

Man Freed of Two Ailments by
Super-Remedy; Wife Is
Also Benefited

Day by day men and women are adding their names to the endless chain of people who have been benefited by this remarkable new medicine, Konjola, that has created such a furor in Appleton and vicinity. The files of this medicine are filed to

over-flowing with the happy statements telling how ailments of the stomach, liver, kidneys and bowels, or rheumatism, neuritis and nervousness were quickly ended. With its 32 pain banishing, body-cleansing, health-giving elements, Konjola works at the very root and source of the disease. Often new health comes so quickly that the sufferer is amazed. The Konjola Man, who is at Schlitz Bros. Drug Store, 114 West College Ave., this city, is besieged daily by local people who have heard or read about Konjola and who wish to know more about this surprising remedy. He will tell you facts of the accomplishments of Konjola — show you where in this medicine conquered when all other medicines and treatments failed. Cases like that of Mr. Robert Osborn, 415 North Madison street, Peoria, Ill., who made the following statement, are not rare.

"Konjola made me feel like a new person, after I had suffered for a long time, and after all other medicines and treatments failed to give me relief. My kidneys had been troubling me for a long time and in the last few months the suffering had become acute. My back was a mass of aches and pains and my body was so sore and stiff that it was almost impossible for me to get out of bed. During the night my kidneys acted so irregularly that my sleep was disturbed at all hours. Nervousness resulted and the least trifling sound upset me. Something went wrong with my stomach, for although I was always hungry, the minute I reached the table, my appetite failed me and I had to force myself to eat. I was losing weight and becoming more rundown each day."

"Konjola had been recommended to me many times by different people who had gained amazing relief through its use. One day I talked to the Konjola Man, who told me of its past accomplishments. Then I decided to give it a trial. Amazing as it may seem I got wonderful relief from the first bottle. I continued the treatment and recently I completed the fifth bottle and to my joy all the ailments disappeared. The kidney trouble is corrected. I am no longer bothered by pains, soreness or night rising. I am eating fine, always hungry at meal time and able to digest the heaviest food. I have gained ten pounds and feeling better in every way. Mr. Osborn, who suffered for years from rheumatism, saw how Konjola benefited me and took it also. She now tells me that this medicine benefited her more than all else put together. I call, and so does my wife, Konjola, the best medicine on the market. We are glad to tell everyone of its wonderful powers."

What a wonderful thing it would be for all who suffer to know of Konjola's amazing accomplishments. What a world of hope and cheer it holds for all who are ill and who would be well again. It is rightly called the master medicine.

The Konjola Man is at Schlitz Bros. Drug Store, 114 West College Ave., Appleton, where he is daily meeting the public, introducing and explaining the merits of this medicine. Free samples given.

**A QUESTION . . . TO THE MAN WHO IS "LOOKING
AROUND" IN THE \$1000 CLASS**

Can you swing maybe a hundred dollars more on your down-payment—and shoulder perhaps three additional payments?

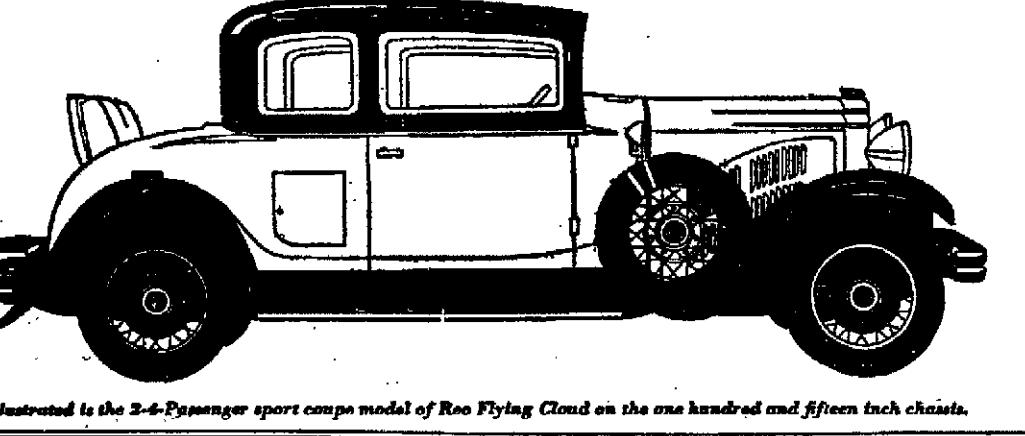

That actually is all you have to consider in order to own a Reo Flying Cloud. But that, however, is not the whole story. By the end of the third year, with a Reo, you will have saved in repairs alone far more than your added investment—and you will have a fourth, fifth, sixth year and even more of really outstanding service to look forward to.

Reos are built the way only the finest cars are built—to last. And people who know motor cars will tell you that for long life, performance and mechanical dependability a Reo is to be compared only with cars in the highest price-brackets . . . Besides, wouldn't you rather drive a car that hasn't an obvious price tag attached to it?

Look around, of course—but be sure to look in at your Reo dealer's.

**Now you can have a Reo Flying Cloud
at a lower price than ever before.**

ELIMINATE NAMES IN MASSACRE CASE PROBE IN CHICAGO

Process Held Best Method
to Determine Buyers of
Machine Guns

Chicago—(P)—Authorities today were feeling their way through a mass of stories and names—real and fictitious—to a possible solution of the massacre of seven gangsters last Feb. 14.

The process of elimination was decided upon early today as the best means of discovering the persons to whom Frank V. Thompson, machine gun broker, sold weapons prior to the massacre.

Thompson and Peter von Frantzius, who has admitted to authorities that he sold several machine guns to Thompson, were questioned until long past midnight. So important were their statements considered that Coroner Herman H. Bundesen was roused from sleep at midnight and called to police headquarters, where the questioning took place. Burt Massey, vice-president of the Palmolive company, a member of the coroner's jury, also appeared at the questioning, as did Thompson's attorney.

John Stege, deputy police commissioner in charge of detectives, declared Thompson had given several names as the persons to whom he had sold the machine guns, but that the names were found to be fictitious.

"We're going to question Thompson until he runs out of fake names," Stege explained. "We're checking up on each name as he gives them, and will keep up this process of elimination until only real names are left. Then we'll probably know what we want to know."

Coroner Bundesen was noncommittal when he left police headquarters several hours later.

"All I can say is that we're getting closer to the solution each day," he declared. "We've learned much this morning—and expect to learn more later in the day."

Another development was the identification by an unidentified citizen of Rockford, Ill., of a picture of Fred Burke as one of the men he had seen practicing with a machine gun on an island in the Rock river several miles south of Rockford, just prior to the massacre.

WATER STILL FLOWS OVER COUNTY ROADS

Flood waters are still coursing over sections of County Highways 5 and 11, west of Stephensville, and those highways are still closed to traffic, according to Frank Appleton, road commissioner. These roads, the only ones in the county now closed to traffic, have been flooded since the spring breakup and the commissioner said he was unable to determine when the water will recede. As soon as it does crews will be set to work to repair the damage and put the roads in shape for travel. About a quarter of a mile of each road is flooded.

MUSICAL PROGRAM TO SHOW CLASS TALENT

A gauge of the musical ability in the two fifth grade classes at Washington school will be taken Friday through the presentation of a volume instrumental program. All pupils who play instruments have been asked to present a number before the two classes for the purpose of determining how much talent is present in the two grades. Those already booked for the performance are Gordon Chadek, Vinton Glaser, Donald Tews, Robert Rahn, Robert Peotter, Wilbert Retlaff, Shirley Kenzien, Violet Fliz, Bernice Wolf, Jane Saeger, Enid Bro, Marguerite Icic, Elmira Fuerer, and Violet Min-ton.

BOY ACQUITTED OF MURDERING HIS KIN

Gastonia, N. C.—(P)—Seventeen-year-old Jacob Vandenburg today was free of charges that he killed five members of his family and then burned their home. A jury last night acquitted the farm boy of the murder of his parents, Mr. and Mrs. J. W. Vandenburg, his sisters, Pauline and Louise, and his brother, Robert, after a little more than two hours deliberation.

The youth was arrested Dec. 23 after neighbors found him seated beneath a tree watching flames consume the home. When the dismembered remains of the five members of his family were found laid side by side, where the kitchen had been, he was accused of killing them with a hatchet while they slept.

SPELLING CONTEST IS WON BY GIRL STUDENT

The spelling contest at Wilson junior high school on Tuesday was won by Miss Helen Cabot. Junior Branchford, Ramona Hooyman, and Mildred Kruckenberg survived the bidding almost to the end. Pupils of 9, 10, 9 and 8 A sections took part in the contest.

MAGAZINE SALESMAN SOUGHT AT WAUSAU

Wausau—(P)—Police here are seeking Stanley Erickson, 20, magazine solicitor, who was working out of Wausau with a crew of canvassers that started out from Milwaukee.

Erickson left his room at the Central hotel here last Saturday and went to Edgar, Wis., where he made a sale. That was the last heard of him. Foul play is feared.

Arrest Kaukauna Man
Jerome Draeger, Kaukauna, was arrested early Thursday morning on Highway 41 by Andrew Miller, county motorcycle officer, on a charge of driving an automobile with the cut-out open. He will appear in municipal court before Judge Theodore Berg Thursday afternoon.

WOOD CANNOT BE SOLD BY WEIGHT, CITY SEALER SAYS

Wood dealers who are planning to sell by weight in the near future should read the section of the city ordinance on weights and measures which has to do with the sale of wood, Joseph Hodgins, city sealer of weights and measures, said in a warning to coal and wood yards.

A new section recently added to the ordinance reads as follows: "All wood except bark and clippings sold in the city of Appleton by any dealer therein where such wood is to be used as fuel shall be sold by the cord or fractional part thereof and shall not be sold by weight."

RASKOB KEEPS JOB TILL DEBT IS PAID

CONTINUED FROM PAGE 1

Raskob men to maintain a control of the party for that purpose. Otherwise the control might pass into hostile hands.

MUST HAVE HARMONY

The need for harmony, however, and for some move in the direction of those who have felt a new deal was necessary, have brought about the appointment of Mr. Shouse. He might even become the next national chairman if Mr. Raskob clears up the debt question and cares to retire. Under the party custom he would hold office until the next presidential campaign.

Mr. Raskob is the type of man who isn't feasted by a single defeat. He knows that organization cannot be accomplished in a single campaign and that the Democratic weakness has been that between campaigns matters have been permitted to drift within the party. The Democratic attack, moreover, has heretofore been confined to the campaign. While the opportunity for constructive opposition in congress through party conferences has always been there, it has not been uniformly accepted. The effort now is through Senator Joe Robinson, senate minority leader, to bring the Democrats into frequent conference in the hope of presenting alternative programs on many of the major issues.

With a national headquarters in Washington and the party machinery functioning between campaigns, it is presumed that there will be a better chance for public attention and the cultivation of party prestige than is possible in the few weeks before or after a nominating convention.

Mr. Shouse's appointment is significant of the fact that Democrats are not discouraged by the landslide of electoral votes and that they have their eyes riveted on the large popular vote their candidate received. From a broad point of view, the republican leaders themselves see advantages in this reorganization of democratic affairs. For one thing it permits an active republican organization of function, too, and to seek public favor and the gather funds for party work and it also tends to solidify the republicans in congress.

SENATE KILLS MILK INSPECTION BILL

Proposal to License Inspectors in State Voted Down, 15 to 13

Madison—(P)—A proposal to require Chicago milk inspectors who examine barns and herds in Wisconsin to obtain a license from the Wisconsin Food and Dairy commission has been defeated by the senate, 15 to 13.

The vote at last night's session on the bill, introduced by Senator Herman J. Severson, Iola, Progressive, came at the end of more than four hours of heated debate which began in the morning and was carried over into a night session.

Friends of the measure declared that it was opposed by the large dairy companies of Chicago and of the state who use the Chicago inspectors as a means to fight the farmers.

A threat of barring Wisconsin farmers from the Chicago milk market has been held like a club over the heads of dairymen and others who favor the bill, its friends said.

Vigorous attacks were made upon the methods employed by Chicago inspectors. Senator John C. Schumm, Watertown, himself a dairymen, declared Chicago opposed the bill because it would serve to eliminate a group of "Chicago roughnecks" from the inspection service if they were required to obtain a license from the Wisconsin department.

The youth was arrested Dec. 23 after neighbors found him seated beneath a tree watching flames consume the home. When the dismembered remains of the five members of his family were found laid side by side, where the kitchen had been, he was accused of killing them with a hatchet while they slept.

MILWAUKEE AIRPLANE MAKER GIVEN DIVORCE

Milwaukee—(P)—Thomas F. Hamilton, Milwaukee airplane manufacturer, was awarded a divorce from his wife, Ethel, on grounds of cruelty by Judge C. M. Davidson here yesterday. About the time the award was made, Mrs. Hamilton was telling reporters in Los Angeles that she had no intention of getting a divorce.

CHARGE MAN HAD TOO MANY IN FRONT SEAT

Mike Gradi, Waukesha, was arrested about 11 o'clock Wednesday evening on Wisconsin Avenue on charge of driving a car with more than three people in the front seat. The arrest was made by Fred Arndt, motorcycle officer. Gradi will appear in municipal court before Judge Berg Thursday afternoon.

SELL OUTLINES HIS DUTIES AS AGENT

Help Make Two Blades of
Grass Grow Where One
Grows Now

BY W. F. WINSEY

Post-Crescent Farm Editor

Seymour—An order for a carload of agricultural limestone was placed at a meeting of the Seymour local of the American society of Equity in Dean's hall here Wednesday night. About 50 members heard a talk by Gus Sell, county farm agent.

It is the duty of the county agent to keep farmers posted on the results of latest experiments and findings of the state and federal experiment stations, Mr. Sell said.

This duty is naturally divided into four phases of work to be carried on by county agents: (1) Increasing production; (2) Improving methods of marketing products of the farms; (3) raising the quality of farm products; (4) Making farm life more attractive.

It is generally conceded that farmers should make enough money on their farms to live comfortably, to educate their children, and to set aside funds for the support of their old age," Mr. Sell said.

"In increasing production it is not necessarily the purpose of county agents to advise farmers to increase their acreage of crops and to increase their number of cows, and in those ways to over-produce and lower the prices of farm products. The purpose is to get the present production from smaller acreage and smaller herds as the results of the use of the latest methods of farming. The efficient farmer is the one that must succeed and the inefficient one will be the first one to fail."

"The consumers of farm products from year to year are demanding a better quality of foods for their tables and are willing to pay fair prices for the quality they desire. Quality increases consumption."

"Farmers' shipping organizations—The National Cheese Producers' Federation and The Land O' Lakes Creameries are improving the quality of farm products and in that way increasing consumption," said the county agent. "One-half of the 400,000 pounds of cheese handled by the cheese federation last year was the fancy article. Four years ago, only one-fourth of the cheese marketed by the federation was of that grade."

The Land O' Lakes creameries has raised and standardized butter to the extent that a consumer of butter knows exactly what he is getting when he purchases a certain brand. While raising the standard of butter, this marketing agency has increased the consumption of butter.

The agricultural committee of the county board suggested the following as the major projects for your county agent this year: Calf clubs; cow testing; marketing work; forestry; promotion of home economics."

SENATE KILLS MILK INSPECTION BILL

Proposal to License Inspectors in State Voted Down, 15 to 13

Madison—(P)—A proposal to require Chicago milk inspectors who examine barns and herds in Wisconsin to obtain a license from the Wisconsin Food and Dairy commission has been defeated by the senate, 15 to 13.

The vote at last night's session on the bill, introduced by Senator Herman J. Severson, Iola, Progressive, came at the end of more than four hours of heated debate which began in the morning and was carried over into a night session.

Friends of the measure declared that it was opposed by the large dairy companies of Chicago and of the state who use the Chicago inspectors as a means to fight the farmers.

A threat of barring Wisconsin farmers from the Chicago milk market has been held like a club over the heads of dairymen and others who favor the bill, its friends said.

Vigorous attacks were made upon the methods employed by Chicago inspectors. Senator John C. Schumm, Watertown, himself a dairymen, declared Chicago opposed the bill because it would serve to eliminate a group of "Chicago roughnecks" from the inspection service if they were required to obtain a license from the Wisconsin department.

The youth was arrested Dec. 23 after neighbors found him seated beneath a tree watching flames consume the home. When the dismembered remains of the five members of his family were found laid side by side, where the kitchen had been, he was accused of killing them with a hatchet while they slept.

COLLEGE SECRETARIES VISITING HIGH SCHOOLS

Gordon R. Clapp, student secretary at Lawrence, told a press conference of students of the Kenosha and Racine high schools Wednesday and Thursday. During the latter part of the week he will be in Chicago interviewing prospective freshman students at Lawrence.

On Thursday Rexford Mitchell, alumni secretary of the college, will call on the seniors of Eau Claire and Chippewa Falls high schools on the opportunities for a liberal education at Lawrence.

It is the duty of the county agent to keep farmers posted on the results of latest experiments and findings of the state and federal experiment stations, Mr. Sell said.

This duty is naturally divided into four phases of work to be carried on by county agents: (1) Increasing production; (2) Improving methods of marketing products of the farms; (3) raising the quality of farm products; (4) Making farm life more attractive.

It is generally conceded that farmers should make enough money on their farms to live comfortably, to educate their children, and to set aside funds for the support of their old age," Mr. Sell said.

"In increasing production it is not necessarily the purpose of county agents to advise farmers to increase their acreage of crops and to increase their number of cows, and in those ways to over-produce and lower the prices of farm products. The purpose is to get the present production from smaller acreage and smaller herds as the results of the use of the latest methods of farming. The efficient farmer is the one that must succeed and the inefficient one will be the first one to fail."

"The consumers of farm products from year to year are demanding a better quality of foods for their tables and are willing to pay fair prices for the quality they desire. Quality increases consumption."

"Farmers' shipping organizations—The National Cheese Producers' Federation and The Land O' Lakes Creameries are improving the quality of farm products and in that way increasing consumption," said the county agent. "One-half of the 400,000 pounds of cheese handled by the cheese federation last year was the fancy article. Four years ago, only one-fourth of the cheese marketed by the federation was of that grade."

The Land O' Lakes creameries has raised and standardized butter to the extent that a consumer of butter knows exactly what he is getting when he purchases a certain brand. While raising the standard of butter, this marketing agency has increased the consumption of butter.

The agricultural committee of the county board suggested the following as the major projects for your county agent this year: Calf clubs; cow testing; marketing work; forestry; promotion of home economics."

This duty is naturally divided into four phases of work to be carried on by county agents: (1) Increasing production; (2) Improving methods of marketing products of the farms; (3) raising the quality of farm products; (4) Making farm life more attractive.

It is generally conceded that farmers should make enough money on their farms to live comfortably, to educate their children, and to set aside funds for the support of their old age," Mr. Sell said.

"In increasing production it is not necessarily the purpose of county agents to advise farmers to increase their acreage of crops and to increase their number of cows, and in those ways to over-produce and lower the prices of farm products. The purpose is to get the present production from smaller acreage and smaller herds as the results of the use of the latest methods of farming. The efficient farmer is the one that must succeed and the inefficient one will be the first one to fail."

GET THAT OUT OF YOUR MIND

Right Now!

A LOT of folks have the idea that because Orthophonic music is so good, an Orthophonic Victrola must be expensive.

The fact is, we have Orthophonic Victrolas on our display floor that any home can afford. Model Four-three, illustrated above, offers you real Orthophonic music at small cost. Our plan of budgeted payments makes it possible for you to *play as you pay*. Come in and have us explain.

RICH GIRL-POOR GIRL

By RUTH DEWEY GROVES

CHAPTER XX

Pamela had promised to have dinner with Huck. And then she had made a date with Stephen for the same night.

"Wait for me in the lobby near the main elevators," she had told Huck. "Seven-thirty, sharp."

While to Stephen she had also said that she would meet him in the lobby near the main elevators at seven-thirty on the minute.

At seven twenty-seven she gathered the cointreau velvet wrap her maid held for her about her shoulders, went to meet the two young men, each of whom believed himself to be the favorite of the hour.

Steve, as she sometimes called Stephen, would have a hard time resisting her tonight, she thought. Even her perfume was more beguiling than usual; something her father had sent her from Paris with an admonition to use it sparingly as it was priceless.

At first Pamela had thought the gift nothing more than a string of imitation pearls which she tossed angrily aside.

But even before her anger had subsided she had made an interesting discovery. A whiff of odor so delicate that it seemed it couldn't have come from any earthly flower wafted up to her.

Pamela sniffed. The elusive odor had grown stronger. Where could it be coming from? She hadn't anything like it. It was indescribable.

Pamela glanced around investigating and her eye fell upon the string of beads that she had flung from her a moment before. They lay near at hand, showing up plainly against the black velvet carpet.

She paid scant attention to them as she leaned over for a better view of the floor, thinking someone might have dropped a perfumed handkerchief there. Then she noticed that she was, as the childhood saying goes, getting warmer. But there was nothing in sight except the beads. She gave them a closer look and saw that one was crushed.

She reached down and picked them up. At once she guessed their secret. They were tiny, drop by drop, perfume containers that looked like pearls.

"How perfectly entrancing," she raved and began to search for the card that had accompanied them. "The rarest perfume in the world," her father had written. "Priceless, don't waste it."

Pamela promptly broke another bead on a fresh handkerchief and inhaled the odor. "Dad's buying me off in advance," she concluded slyly. "Maybe he's bringing home a new flock of chambermaids—and a blemish in a boatload."

She thought of that perfume now, a faint touch on each of her delicate earlobes, and smiled with satisfaction. Then her eyes slid down for an inspection of her sheerly covered ankles and rose-slippered feet.

The maid, watching her closely, saw a look of wrath flame over her features just an instant before Pamela whirled upon her in a blast of fury.

"Do you see?" Pamela cried. "You clumsy idiot! You have put my stockings on crooked!"

The frightened maid shrank back from her in dismay. "Straighten them," Pamela ordered, and as the girl bent over to do her bidding Pamela longed to box her ears.

But even Pamela had found the servant problem a difficult one. Several of the agencies had frankly told her that they received so many complaints against her they feared she was getting a reputation among the older and better trained servants of

(To Be Continued)

millions spent in moving, but move they will

Practice Results in Increased Business at This Time of Year

BY J. C. ROYLE

Copyright, 1929, By Cons. Press
New York—It costs millions to move, but hundreds of thousands of Americans will spend them for that purpose this week. The May 1 moving day habit is hard to break but congestion which has resulted in the past is not so noticeable this year.

The exodus from old living quarters is being spread over a long period than for many seasons. Nonetheless, a score of different lines of commercial activity stand ready to seize the added profits which the movement brings.

It means revenue for the storage and van concerns. It means a commission for the real estate or rental agent. It means that thousands will eat at restaurants and many will occupy hotel rooms. The department stores face a huge demand for household replacements.

Many houses for apartments which have been relet have been redecorated for new tenants, and this has brought profits to paint and paper manufacturers and dealers and to artisans in the decorative trades.

The movement is not confined to the cities. Moving vans are roaring along country highways also. This is not a movement back to the soil of the farms but to the air of the mountains and to the lakes, rivers and seashore. The majority of those who are moving resortward now are retaining their habitations in town. They are going to play as well as work and few are so old fashioned now as to believe that work will suffer in consequence.

Businessmen have discovered that there is comparatively little in common between efficiency and production and hours of labor. This is a lesson which has been taught the right by the workers of the country.

This is a trend which has become traditional in England and France and it is keeping rentals at attractive resorts at a high level in this country at the moment.

May 1, is early in the northern states for families to move to the summer cottages and bungalows but most of these are rented for the "season" and lessees usually have the option of coming in May 1, or May 15 if they desire, as many of them do.

COMMODITY NOTES

Steel—The Central Alloy Steel company has authorized additions costing approximately \$1,000,000 it is reported here. The company will begin making stainless steel under a new method.

Packing House Products

Kansas City—Prices have continued to climb in all classes of wholesale dressed meat during the past week. Beef prices were up 50 cents to \$1.50, most pork cuts advanced up 50 cents and lamb cuts were up to \$1 to \$2 early but lost most of the gain later. Demand is fairly brisk and supplies light.

Timber

Portland, Ore.—Box factories in Pacific coast territory have reduced activities owing to prospects of a reduction in deciduous fruit crops in California, estimated at from 25 to 50 per cent. Railroad revenues will also be decreased by the frost damage, but fruit growers as a whole are expected to receive about as much for the smaller crop as they got last year for bumper yields.

Automobiles

Sacramento—Motor car registrations in California totaled 1,742,891 during the first three months of this year, showing an increase over last year of 133,893. Fees totaled \$8,144,457.

Building

Chicago—The volume of industrial employment in this area continues to increase steadily with an advance of 1.4 per cent in workers and 1.2 per cent in pay rolls during the past month. The building industry, metals and motor industry accounts for most of the gain. There was a slowing up of employment in the food products industry.

A Massachusetts trapper sometimes finds a gun superfluous. Recently he brought in two fox skins, one slain by a wildcat and one of starvation.

More tourists visited Hawaii last season than ever before.

Sweet Alyssum Ideal As An Edging Plant

Sweet alyssum is ideal as an edging plant. Nothing in the way of annuals grows more easily and produces a greater wealth of bloom. The only care necessary is to thin it to give the plants at least six inches of room and let them go their way. They speedily develop a sheet of white that increases in depth and width as the season progresses. Alyssum does not transplant as readily as other annuals and there is little need to transplant it. Sow it where it is to grow and thin it out to the requisite distance.

The new compact forms are vastly superior to the old-fashioned type plant in giving a closer growing tuft with purer, green centers. The one cultural point about sweet alyssum, and this not a very particular one, is that it is a lime loving plant and will flourish better in lime soil than in acid soil. It will grow in the latter but not with the astonishing

DISCUSS NEEDS OF SMALL BUSINESS

Chief Requirement Grasp of Mass Operations, U. S. C. of C. Is Told

ABDUCT TELEPHONE GIRL BECAUSE SHE "KNOWS TOO MUCH"

Washington—(AP)—The seventeenth annual meeting of the United States Chamber of Commerce, after giving two days almost entirely to discussions of international business relationships as they are affected by the credit situation, tariff and other influences, today turned to the small business man and his problems.

J. Frank Grimes of Chicago, president of the Independent Grocers' Alliance of America, declared that "small business is not yet dead and buried," although "it has been badly manhandled because it has not fully understood the principles of mass operations."

Referring to an assertion which he said bankers, legislators and manufacturers have made—that wholesalers and independent retailers are in a helpless position—he said "a virulent case of contagious hysteria seems to be rampant." Once small business grasps the significance of mass operations, he insisted, a glorious future will unfold."

William Butterworth, president of national chamber, urged development of local organizations on broad democratic principles. He said old-time "boosting" methods have been practically abandoned for larger and more specific objectives.

Dr. Julius Klein, new assistant secretary of commerce, was chosen to address the convention today in the place of Secretary Lamont, who is ill. Interest also was directed to a discussion by Leonard P. Ayres of Cleveland, on the credit supply and the securities market; and one by John G. Lonsdale of St. Louis, on the tax dollar.

25 MARRIAGE LICENSES ISSUED IN LAST MONTH

Exactly as many marriage licenses were issued during April as were issued in the same month last year, according to records in the office of John E. Hantschel, county clerk. The records show 25 licenses last month, the same number as for April, 1927. However, the total number of licenses issued in the first four months of this year is only 75 as compared with 83 in the same period last year.

GOITRE

A new treatment for goitre has been developed by the W. T. B. Laboratories, 1251 Sanborn Blvd., Battle Creek, Michigan, which many believe will prove to be the long-sought specific for this unsightly and dangerous disease. Many of the largest and most hideous goitres begin to recede almost in a day. They gradually get smaller, and in many cases are entirely gone in a few weeks. It is equally efficient in cases of toxic and so-called inside goitre. The treatment is harmless, and anyone can use it with perfect safety at home.

A 48-page illustrated booklet on the Causes, Dangers and Non-Surgical Treatment of Goitre, issued by the Laboratories, fully explains the new treatment and will be mailed free to any interested sufferer. adv.

SEEK BACTERIA FOE HARMLESS TO MAN IN DISEASE BATTLE

Scientist Details Hope for Finding Short Cut to Cure of Ills

BY HOWARD W. BLAKESLEE
(Associated Press Science Editor)
Columbus, Ohio—The chemist's hope of a short cut to cure disease by finding chemicals that may be taken internally to kill bacteria without injuring the patient is given a new slant at the American Chemical Society today.

It was in a set of newly formulated rules that show how to calculate accurately the toxic and the germ-killing powers of thousands of germicidal compounds. The rules are a set of tools which shorten somewhat the staggering task of men who search through fields of test tubes for the now unknown compounds that may be effective.

The rules were presented by Dr. Oliver Kamm of Parkers, Davis and Company of Detroit, his assistant, A. L. Rawlins. There are seven of them, all involving chemical formulas, affecting alcohols and phenols. The phenols are a group of compounds of which cellophane is a familiar example. Dr. Kamm said that thousands of alcohols and phenols exist, or may be produced, each one capable of killing bacteria. Their lethal range runs from extremely mild effects up to a power multiplied hundreds of times.

By use of the seven formulas a chemist can take a phenol as a basis of calculation and find out the germicidal effect of any other phenol or even of the various types of alcohol.

RULES GIVE START
"He may use the rules," said Dr. Kamm, "as a means of plotting a field to locate a desirable region in which to search for compounds that might have practical medicinal value. He may find something not previously made."

"The important part is that as yet we have made very little progress in destroying bacteria within the body. We have means of destroying them in test tubes and in cultures outside

the body, but these methods often are not effective upon a patient."

"The hope in the field of medical chemistry is to find a specific germicide for each one of the bacterial diseases, such as scarlet fever, measles and so forth." For said Dr. Kamm, we now have serums, but as yet no chemical agents that will end the infection. We really depend upon nature to develop its own cure.

"The hope of the research worker is to locate the exceptional compound that will destroy the disease-producing bacteria and yet have only slightly deleterious effect upon the tissues of the host."

"The task ahead is a big one, even though it requires several hundred years. I believe we shall succeed so that some day, for example, when a child comes down with an acute infection, a drug can be administered that will cure quickly and completely by killing the bacteria."

"The task ahead is a big one, even though it requires several hundred years. I believe we shall succeed so that some day, for example, when a child comes down with an acute infection, a drug can be administered that will cure quickly and completely by killing the bacteria."

Financial And Market News

STOCKS TUMBLE BUT RECOVER AGAIN AS BUYING INCREASES

Radio Climbs Five Points to Another New High Record

BY STANLEY W. PRENOSIL, Associated Press Financial Editor

New York—(P)—The stock market displayed a complete reversal of form today, settling down sharply in the morning, on fears of a large increase in brokers' loans after the close and then rallying briskly when heavy buying developed in a few of the so-called "Morgan stocks."

Except for the publication of favorable earnings statements and the resumption of dividends on Yellow Taxi of New York after a lapse of two years, there was little in the day's news to influence the price movement. Reports from the leading basic industries indicated that production was being maintained at a high rate with no signs of a general slump despite fears that high money rates would have a retarding influence. Call money renewed at 10 per cent, as against 11 yesterday and held steady at that rate throughout the morning and early afternoon. Easier rates are looked for next week.

The recent increase in public participation, as reflected in the expanding volume of commission house business and odd lot buying, has stimulated pool activities. These have centered largely in issues in which special developments are reported to be pending, particularly in the public utility, merchandising, motor accessory, farm implement and amusement groups.

Sharp recessions took place in the United Aircraft and Advance Rumely issues in the early trading. The recent speculative advances in these stocks have been attributed to a driving in of the short interest and have led to suggestions of possible technical corners. A few high priced specialties as Union Carbide and Commercial Solvents also broke badly, but they had only a temporary unsettling effect on the general list.

Radio returned to its old position as a market leader by climbing more than 5 points to a new high record for the present issue above \$112 a share, one block of 18,000 shares changing hands at 112. Johns Manville ran up 10 points to 194 5/8, or nearly 40 points above the March low. Air reduction soared more than 10 points to a new top at 121 1/2 and Ludlum Steel moved up nearly 9 to a new high at 95 1/2.

American Radiator, International Harvester, Peoples Gas, May Department Stores, Simmons, Keith-Albee common and preferred, Borg Warner, Wilcox, Rich A. and B., Hershey Chocolate preferred, and American Radiator and Standard Sanitary all sold 3 to 7 points higher, some of them at new high records.

Rails took little part in the advance although quiet accumulation was apparent in some of the high grade investments issues.

Public utilities played a prominent part in the forward movement of the last hour. There was also a huge turnover of the baking issues. Shares easily moved because of the limited floating supply where the largest gainers, R. H. Macy was sent up 8 points, Delaware and Hudson 6, Mullins Manufacturing 5 1/2, and U. S. Realty 5. The close was strong. Sales approximated 3,900,000 shares.

SMOOTH SAILING PREDICTED FOR DIRECTOR BILL

Expect Almost Unanimous
Assembly Approval for
Administration Measure

Madison — (P) — Almost unanimous Assembly approval may great the administration bill for substitution of a director of personnel for the civil service commission.

The bill was introduced by the Assembly committee on judiciary of which Alvin Reis, Madison, Progressive floor leader, is chairman and he was consulted on the contents of the bill before its introduction. Speaker Charles B. Perry, conservative who has led many of that party to agreement with Reis and the Progressives on measures he favored, was also consulted and suggested changes in the bill.

In addition to having administration approval, as part of the Kohler program for an advisory council attached to the governor's office, the bill has the approval of A. E. Garey, former state senator and executive secretary of the civil service commission, whose office would be continued in the form of "personnel director" by the measure.

Among the principal provisions of the bill are clauses bringing under the civil service law state employees of these departments, who have been exempt: railroad commission, prohibition, department, legal examiners of the industrial commission, superintendents of charitable and penal institutions, revisor of statutes' employees, but not the revisor; jail inspectors, public instruction and law enforcement in the department of engineering.

The director of personnel would be a member, with the proposed budget director, of the governor's advisory council or "cabinet" which is proposed in other administration measures. He would be named by the governor, only after a director was suspended for cause, and would be paid "such salary as may be fixed by the governor," subject to legal limits. Such appointment by the governor, however, would come only after the two remaining members of the board of personnel appoints an examining commission, which conducts an examination for director and certifies the names of successful candidates to the governor.

The personnel board, besides the director, would consist of two persons, appointed by the governor with the advice and consent of the senate, for four year terms, paid \$25.00 per day for time actually spent in bi-monthly meetings, with the two members of the civil service having the longest terms remaining as the first board.

The director is given wide powers of salary-setting, with the advice of advisory members, and orders of the commission are subject to approval by the governor. Immediately after organization of the joint committee on finance of the legislature, each session, the personnel director is directed to report to that body the salary ranges for the various grades and classes in the civil service, and make recommendation regarding increase or decrease according to salaries paid in comparable offices outside the state service and according to the state's financial condition. The board may change salaries between legislative terms, however,

LIBRARY SCIENCE MADE PLAIN FOR SIXTH GRADERS

Librarians never will be bothered with questions like "Where will I find material on the League of Nations?" "Under what number are history books filed?" and "Where can I find a quotation about love?" from pupils of the sixth grade at First Ward school. In an attempt to teach the children the elementary facts about library science, the pupils of this grade are brought to the public library every other week, and permitted to roam among the stacks and investigate the card catalogues for one hour. Sometimes they look up material for their geography, history and English classes, and sometimes they just read to gain an appreciation of books. The half hour used to walk to and from the library is counted on the pupil's gym credit.

South Dealer, contract No. Trump. West led the Deuce of Clubs, No.

Dummy played the Trey. With the Nine exposed in Dummy, East played the Eight and South ducked. East returned the Jack of Clubs and South, after winning with the Ace, led the Four of Hearts, taking with the King in Dummy. A Spade was led from Dummy and South finessed the Jack; the lead was returned to Dummy with the Ace of Diamonds and a second Spade was led for a second fineness. Following this, South led the Ace of Hearts, hoping that the Queen would drop; when it did not do so, he took in his Ace of Spades, fearing it would fit if with all the Diamonds and Clubs established in the adverse hands if he tried to make a Heart good. Declarer consequently was held to three Spades, two Hearts, one Diamond and one Club, falling two tricks short of the game.

Should he have "made the grade?" **THE CORRECT PLAY**

The lead of the Deuce of Clubs showed that West started with exactly four and that consequently the adverse Clubs were divided 4-3. So it made no difference whether South won the first Club trick or the second; East and West will take three Clubs tricks — no more, no less —

South Dealer, contract No. Trump. West led the Deuce of Clubs, No.
